●314561 | WMNS NIKE SHOX NZ

OUTSOLE: Full-length BRS1000 carbon rubber with modified circular Waffle outsole ~ tacky waffle fill properties offer better traction

MIDSOLE: Nike Shox four column cushioning unit ~ Phylon midsole in the forefoot for light performance and responsive ride

UPPER: One-piece construction fitted upper ~ Perforated synthetic frame linked with a gilly lacing system wraps and locks the foot to the midsole

For the runner who craves Nike Shox technology. Loves the ride and responsive feel, but wants a lighter, faster, and more nimble ride.
