001

PROFILE: Great fit, incredible cushioning and support appropriate for underpronators through moderate overpronators. 12.2 oz (M 10)

UPPER: Seamless upper with partial inner sleeve construction. Dynamic Nike Flywire technology saddle for great midfoot lockdown; perfed neoprene collar foam for custom heel fit.

MIDSOLE: Lunarlon system with "bottomless" carrier construction for cushioning. Dynamic Support platform. Premium 3-layer sockliner for comfort and support.

OUTSOLE: High-resolution flex groove configuration promotes a naturally efficient stride; BRS 1000 at heel for max abrasion resistance.

071	BLACK/VOLT/WHITE	1/1-3/2	6-13, 14, 15	■

016

010

110

MIDSOLE: Low-profile Lunarlon cushioning system with Dynamic Support for a responsive feel and runner-specific support. Hot-knife siping enhances flexibility.

UPPER: Independent Nike Flywire technology fingers deliver ultra-light support and a dynamic fit. Lightweight mesh and strategically-placed overlays for breathable support.

OUTSOLE: BRS 1000 carbon rubber heel and environmentally preferred rubber waffle outsole everywhere else for durable traction. Flex grooves for a smooth ride.

This lightweight tempo shoe delivers runner-specific support; responsive cushioning and a supportive fit. Ideal for faster-paced training and racing.
