2018
1ST EDITION

NEW SEASON, SAME VALUES

For thirty years, CHAMPRO has provided America's teams, leagues and players with the absolute best values in performance athletic equipment and uniforms. Athletes and sports organizations have discovered that they can use performance equipment and wear top quality uniforms while not paying a premium for an advertised logo. CHAMPRO's expanded line now offers a full range of team sports equipment and apparel for the most demanding athletes at all performance levels. CHAMPRO continues to provide the best values in premium quality athletic equipment and apparel by adhering to five basic principles.

First, CHAMPRO equipment and apparel is manufactured in the best and most experienced factories in the world. Next, CHAMPRO maintains product specifications and performance standards that equal or surpass heavily advertised brands. CHAMPRO does not pay professional athletes or teams to use or endorse its equipment. Teams and athletes choose

CHAMPRO because the equipment and apparel performs better. Fourth, CHAMPRO stands behind its product. We believe CHAMPRO equipment and apparel will exceed the expectations of even the best athletes. And lastly, CHAMPRO offers the best customer service in the industry. CHAMPRO's suburban Chicago headquarters & distribution center and our Los Angeles area distribution center have enabled CHAMPRO to further increase our inventory levels and improve efficiency. CHAMPRO is committed to same day shipment of your orders. Dealers can receive even faster service by placing orders, checking stock, and reviewing account information on our website, www.champrosports.com. As always, CHAMPRO hopes you will let us know if there is anything we can do to improve our product line or service.

Sincerely,

 Wilson F. Hunt, Jr.
 President

The Eden Projects

We formed a new partnership with Eden Reforestation Projects in 2011. Eden Reforestation Projects' mission is to recreate healthy forest systems that restore hope, alleviate suffering, empower people and build local economies in impoverished communities. CHAMPRO Sports® has driven reforestation efforts by financing the planting of more than 600,000 trees in Ethiopia.

Before

CHAMPRO SCHOOL AND CLEAN WATER PROJECT

750 students continue their studies at the CHAMPRO School in Karsa, Ethiopia. Thanks to the support of our customers, we built four new classrooms in 2015 to accommodate the growing student enrollment. The entire Karsa community now benefits from the newly installed clean water system that was completed in 2013.

BOYS & GIRLS CLUB OF CHICAGO

CHAMPRO Sports® promotes and enables participation in team sports and athletic activities for disadvantaged youth in the Chicago area and around the world. CONCEPT 3000 DISLODGING SAFETY BASE

REDUCES THE POTENTIAL FOR INJURIES FROM SLIDING

Heavy-duty all rubber construction
 Bases insert into standard anchor system (no special installation required)
 Includes steel anchor system and rubber base plugs
 B072 - Complies with Little League® Rule 1.06*; B073 - Complies with Little League® Rule 7.15*

On impact, the top pad dislodges from the bottom plate. The pad of the base is engineered to maintain vertical rigidity, to support a player standing on the base, while maximizing horizontal flexibility so that the pad will flex on impact.

The plate of the base is designed to be streamlined and low to the ground to allow the player to smoothly slide over the plate after the pad dislodges.

To reset the pad after it has dislodged from the plate, the posts on the pad may simply be aligned with the holes in the plate and inserted. The pad can be reset on the plate in seconds.

DISLODGING BASE SYSTEM

The B072 plate is the official 15" x 15" size to meet Little League® requirements. It provides a base for the umpire to use as a basis for making calls as the play progresses.

B072 - SET OF 3 BASES - 15" X 15" X 3" - \$448.99

DISLODGING BASE SYSTEM

This dislodging double first base is official 15" x 30" size. The entire pad dislodges and is not obstructed like other systems by a fixed first base positioned next to a dislodging base. A low-profile plate remains underneath so that play may continue.

B073 - 15" X 30" X 3" - \$253.49

SOFTBALL CODES

CHAMPRO Softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament, "G" for game, or "R" for recreation

T (Tournament) - Leather cover & polyurethane core, high performance
G (Game) - Durahide cover & polyurethane core, all levels of play
R (Recreation) - Durahide cover & practice core; not recommended for heavy hitting

The second and third letters are either "FP" to indicate fast pitch or "SP" to indicate slow pitch

FP (Fast Pitch) - Raised Seams
SP (Slow Pitch) - Flat Seams

The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball (USSSA Specifications prohibit marking the COR and compression specifications on the ball)

PROCESS LIMITATIONS

We will try our best to deliver your garments free of any defects or imperfections. However, during the manufacturing process the garment may not lay completely flat. This may cause some imperfections such as white or uneven areas, particularly under the armpit or along a seam. Although we will do everything we can to minimize these occurrences, we cannot be responsible for the imperfections as they are the result of the finished garment sublimation process. Variations between garments will occur and no two garments will be completely identical.

HOW TO BUILD JUICE & SPLASH GEAR

We made designing sublimated apparel easy! Our streamline process lets you spend less time filling out forms and more time on the field. It is just another way we make teams better.

1 Choose a JUICE or Splash Item

JUICE and Splash items are shown throughout the catalog. To get the correct size, order a fit item or use the size chart at the back of the catalog.

2 Choose a fabric

All of our uniforms are made of the highest quality fabrics. Some items have the option of multiple fabrics to choose from. Choose the fabric that best fits your needs.

3 Choose your design & colors

Choose your design and pick the colors for your uniform. Every jersey has a color sequence to assist in the order process.

4 Add your decoration

Add as much decoration as you want! For a personalized jersey, add your teams logo, name, numbers and player names. See all the options available starting on page 31.

5 Fill out your roster

Provide us with a list of all sizes, quantities, numbers and player names (if applicable). **Rosters must be submitted in excel format. No scanned, faxed or photocopied rosters will be accepted.**

6 Submit your request & receive your proof

Once you have double checked that you have all of the information, send your request to juice@champrosports.com. Our JUICE team will process your request and return your proof within 1-2 business days!

7 Approve your proof & roster & relax!

Before the order can be processed and lead times start, we must receive written approval of both your proof and roster. **Lead times will be confirmed at the date of approval and will begin the next business day.**

Color Disclaimer:

Scientifically it is not possible to achieve a perfect color match from one JUICE garment to another, or from JUICE garments to CHAMPRO stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone Color call outs will automatically be converted to CMYK. If your job is color sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless a sample is ordered, CHAMPRO is not responsible for unsatisfactory color results.

Color Matching:

We cannot color match gradients. We print digitally in CMYK and use PMS colors as a guide; therefore the colors are not exact. If you have a color sensitive project, we highly recommend that you order a sample. In the event that you do not, we will match as close as possible to the PMS colors provided, but are not responsible for the colors not printed to your liking.

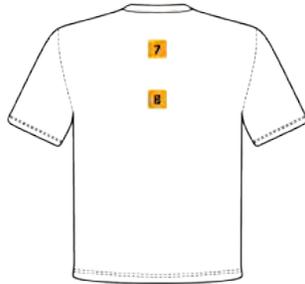

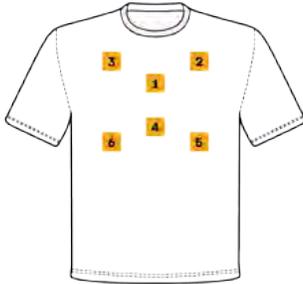

Care instructions:

- Do not dry clean.
- Do not wash in hot water; Do not use chlorine bleach; Do not wash whites and colors together; Do not dry on HIGH heat.
- Excessive heat may cause fabric shrinkage and color change. Do not put JUICE garments through a screen print dryer.
- CHAMPRO Sports is not responsible to damage to apparel as a result of improper care.
