# BASEBALL & SOFTBALL BATS

ENGINEERED FOR MORE  
SQUARED UP POWER

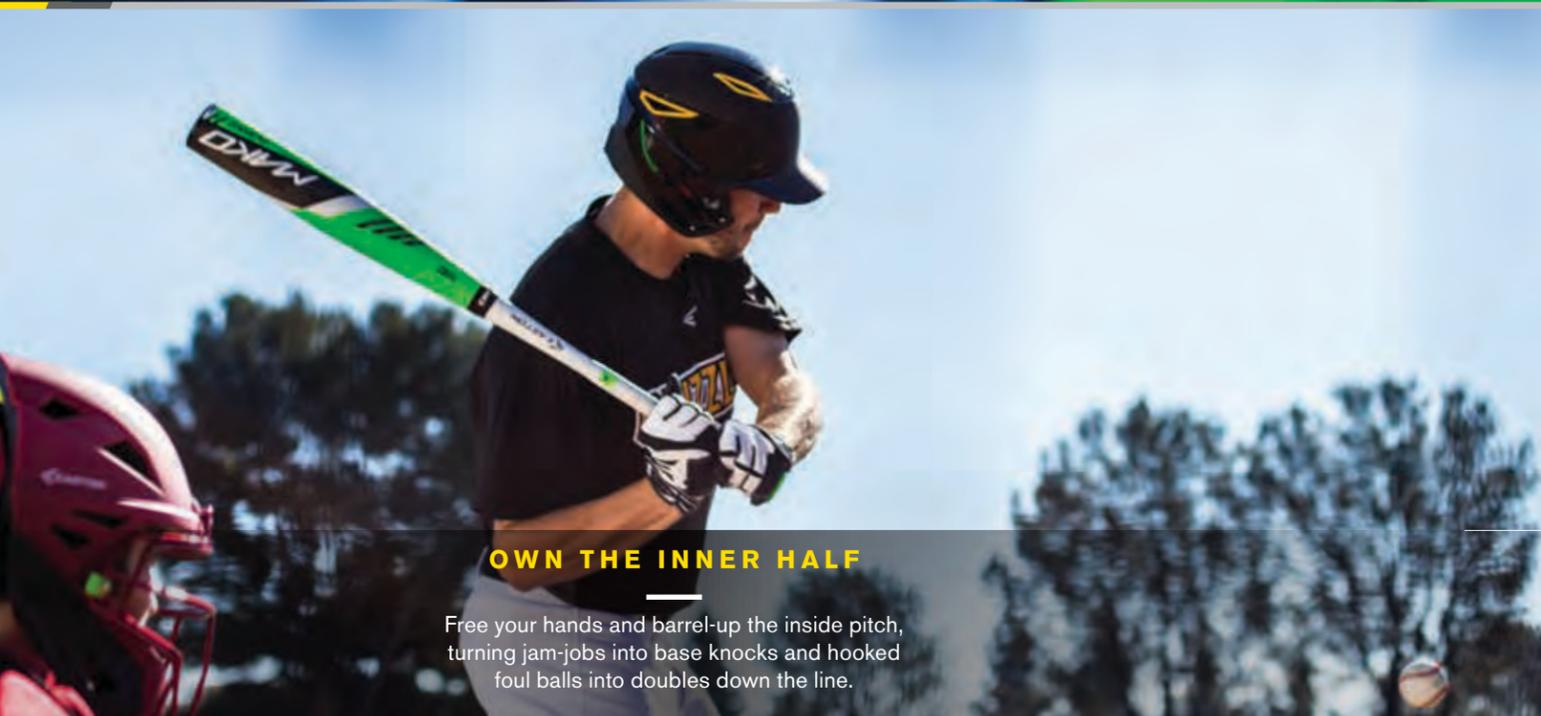

# AMPLIFY YOUR POWER

## TORQ

ENHANCE FUNDAMENTALS, DEVELOP MUSCLE MEMORY,  
PERFORM NOW & AT THE NEXT LEVEL

POWER BRIGADE<sup>2</sup>  
SQUARE IT UP

### OWN THE INNER HALF

Free your hands and barrel-up the inside pitch, turning jam-jobs into base knocks and hooked foul balls into doubles down the line.

### STAY INSIDE THE BALL

TORQ® promotes proper swing mechanics, keeping your hands inside the ball, squaring up more pitches, more often, with more power.

### DELAY ROLL-OVER

Stay in the proper palm-up, palm-down power position longer, turning weak ground balls into line drives in the gap.

### POWER TO ALL FIELDS

Drive the ball by staying on plane through contact, creating more backspin and power from gap to gap.

# PICK YOUR POWER

## POWER BRIGADE<sup>2</sup> SQUARE IT UP

THE 2016 POWER BRIGADE™ IS THE MOST EXPANSIVE LINE OF POWER AND PERFORMANCE EVER INTRODUCED. EASTON'S® ARSENAL OF TECHNOLOGIES YIELDS TEN NEW BBCOR MODELS, EACH ONE DESIGNED TO MAXIMIZE YOUR POWER.

### TORQ<sup>®</sup>

360 TORQ<sup>®</sup> handle technology amplifies your power. TORQ<sup>®</sup> helps hitters stay inside the ball, getting them shorter to the zone and longer through the zone, resulting in more squared-up power to all fields.

### CXN™

EASTON'S™ patented 2-pc ConneXion™ technology isolates the handle from the barrel, maximizing energy transfer and eliminating vibration.

### TCT™

TCT™ Thermo Composite Technology is the foundation of MAKO<sup>®</sup> technology, yielding the fastest swinging bats in the game, massive sweet spots, and awesome feel.

### Z-CORE™

Advanced barrel-core technology combined with HMX™ Hyperlite Matrix Alloy delivers the longest aluminum barrels in the game and more “ping” with every swing.

## SWING WEIGHT INDEX *SWI*

The Swing Weight Index (SWI) is based on Moment of Inertia (MOI) and will vary due to the bat length, material, barrel size, and end-load. The POWER BRIGADE™ BBCOR lineup includes ten different models with ten different swing weights.

A bat with a low SWI is evenly-balanced and delivers power through fast swing speeds. A bat with a high SWI is end-loaded and produces power with more mass behind the ball at impact.

	SWING WEIGHT INDEX <i>SWI</i>				
	30"	31"	32"	33"	34"

# ***BALL GLOVES***

*ENGINEERED TO BE THE BEST  
TEAMMATE YOU'VE EVER HAD*

# BUILT TO PERFORM FROM THE INSIDE OUT

## MAKO® LIMITED EDITION SERIES

### MAKO® = FAST HANDS

We named it the MAKO® glove for a reason. Using premium leather for exceptional feel, and HYPERLITE™ construction that focuses on engineering a glove that's lighter and more efficient, the MAKO® LE series provides players with added comfort, speed and agility.

### IT'S ALL IN THE DETAILS

With a focus on ergonomics, and the way a player's hand naturally moves to close a glove, premium details to the internal construction of the MAKO® have been added. These design features give players maximum comfort and support in the areas where their hand needs it most during high speed moments.

### PREMIUM LEATHER

The MAKO® LE features Kip leather, a softer, more supple premium leather, that requires less break in than steer hide.

### HYPERLITE™ CONSTRUCTION

Strategic placement of lighter, yet durable SYNTEC HIDE™ reduces unnecessary weight in the glove, allowing players to be more quick and nimble.

### PADDED LOOPS

Internal padded pinky and thumb loops not only prevent unwanted rub and friction, but conform to the fingers to create support and leverage.

### PADDED WRIST

A compression molded back-of-hand pad features Air Release Channels for added comfort and breathability.

### INTERNAL PALM LINING

Hand-oiled sheepskin is a softer, more comfortable leather with more tack for added control.

**NEW**

## MAKO® LIMITED EDITION

- Premium HERO™ Kip leather tanned for easy break in and high durability
- PRIMASOFT™ Sheepskin lining, hand-oiled providing the ultimate in comfort and control
- Cushioned pinky and thumb loops for unmatched fit and feel
- Rolled leather welting
- Dynamic 2X finger welting creates better finger articulation and pocket shape
- HYPERLITE™ design uses ultra-lightweight SYNTEC HIDE™ to optimize balance and reduce overall weight
- USA tanned professional rawhide lace with a tensile strength of 100 lbs. for maximum durability

## E900G™

A159 007

- Rugged and extremely durable team bag with a telescoping handle provides efficient transportation to and from the field
- Wide set tank wheels with axel and full bottom rails provide strength and durability
- Large top pocket holds 15-20 bats
- Main compartment is vented and has an expanding top to provide more space for equipment
- All straps are reinforced to stabilize load disbursement
- #10 lockable zippers for maximum durability to prevent blowouts
- Top panel has three pockets, one felt lined for fragile items and two for team or personal items
- Vented pockets minimize odor and allow equipment to dry faster

**DIMENSIONS** 39"L X 16"W X 17.25"H  
**CONSTRUCTION** 420D HONEYCOMB RIP STOP, 600D POLYESTER

**COLOR**

BLACK

## E100G™

A159 009

- Large equipment bag for coaches and teams
- Covered in a diamond embossed material to withstand wear and tear
- Carry straps have reinforced stitching that goes under and around the bag to stabilize load disbursement
- #10 lockable zippers for maximum durability to prevent blowouts
- Large opening with enough volume to fit two full sets of catchers gear

**DIMENSIONS** 38"L X 14"W X 14"H  
**CONSTRUCTION** DIAMOND JACQUARD, 600D POLYESTER

**COLOR**

BLACK

## PLAYER DUFFLE

A163 120

- Same bag used by EASTON® sponsored college teams
- Multiple compartments for gear and external straps for bat
- Adjustable and padded shoulder strap along with shorter handle carry straps
- Main compartment plus additional side pockets for gear and personal items
- Separate side pocket for cleats or shoes
- Vented pockets minimize odor and allow equipment to dry faster
- Removable panel for custom team embroidery

## CHEST PROTECTOR FITTING INSTRUCTIONS

For best fit, measure from base of the neck to the top of the waist. Match measurement with closest chest protector measurement in chart.

- A** THROAT / COLLAR-BONE INTERSECTION
- B** WAISTLINE / TOP OF BELT

## LEG GUARD FITTING INSTRUCTIONS

For best fit, measure from middle of the knee to the bottom of the ankle bone. Match measurement with closest leg guard measurement in chart.

- C** MIDDLE OF THE KNEE
- D** (ANKLE) FOOT/SHIN INTERSECTION

## HELMET FITTING INSTRUCTIONS

If hat size reference is not known, using a tape measure, start one inch above eye brows and go around the widest part of the head. Please reference provided table for applicable hat size.

POWER SENSOR™

# SCIENCE IN EVERY SWING

EASTON'S® NEW POWER SENSOR™ UTILIZES REVOLUTIONARY TECHNOLOGY TO ANALYZE A SWING SO PLAYERS CAN LEARN TO HIT WITH MORE POWER. THE CORRESPONDING APP STORES SWING STATS TO TRACK A PLAYER'S PROGRESS, INCORPORATES VIDEO ANALYSIS, AND ALLOWS PLAYERS TO COMPARE AND SHARE DATA WITH FRIENDS AND COACHES.

NEW

## POWER SENSOR™

A153 005

### Science In Every Swing

The corresponding free app stores swing stats to track progress, incorporates video analysis, and allows data to be shared with friends and coaches on social media

- Comes with precision motion sensor, bat grip attachment and a USB connected wireless charger
- Corresponding EASTON® POWER SENSOR™ app available for free in the Apple App Store
- Basic metrics include Swing Speed, Time to Contact, Bat Path, and others
- Advanced Blast Factor metric provides a simple, cumulative swing score out of 100 by calculating the Power and Efficiency of each swing
- Can add unlimited bats, tracks all stats, and connect through Game Center to compete with friends

Utilizes revolutionary technology to analyze your swing so you can learn to hit with more power

Smart Video Capture syncs and places swing data directly on video for an unmatched swing analysis tool

- Connects to any Apple device running iOS 7.0 or higher
  - Sensor:
    - Connects via Bluetooth Low Energy
    - Rechargeable battery lasts up to 8 hours of continuous use
    - On board memory storage up to 500 swings
    - Swing while not connected and download later
    - Weight: 8.5 grams
  - Bat grip attaches to any bat
  - Wireless Charger
    - Plugs in via USB
    - Wireless, inductive charging to sensor

**5' XLP NET / 7' XLP NET**  **HIT LAB™**

A153 002 | 5' XLP NET | A153 003 | 7' XLP NET

- Extra-large catch pocket provides a massive target area that will catch balls wherever they hit the net
- Lightweight and durable design available in 5' and 7'
- Combination of steel (6 pieces) and fiberglass (2 pieces) rods make up net frame
- Heavy duty netting lasts longer while adding weight to knock down and retain balls
- Elastic bands attach to frame and create bottom shelf to hold captured balls

- Entire net is double stitched to help prevent tearing
- Removable red strike zone included
- Set up and take down in less than 1 minute
- 43" carry bag
