JUGS Jr.™ throws consistent strikes so your players can confidently step into the batters' box and start swinging, since they know each and every pitch is going to be a strike.

### Jr.™ Pitching Machine features:

- Set your JUGS Jr.™ to throw at the exact mph you desire. With its digital readout display, you decide what precise speed is best for your players.
- Portable and easy to move and set up. Weighs just 75 lbs.
- Special non-marking pneumatic tire.
- Patented "always see the ball"™ delivery system.
- Throws baseballs, 11" or 12" softballs, *Sting-Free*® balls, JUGS Pearl®, JUGS *Lite-Flite*® balls, JUGS **SOFTIE**® balls, JUGS **BULLDOG**™ and tennis balls.

For youngsters just starting out in the game, nothing is better than repetition of fundamental skills.

By using the Jr.™ Pitching Machine, young ball players get to hone their swings because pitches arrive in virtually the same location each time. That makes the challenge of hitting a little easier and a lot more fun.

The toughest thing to do in sport is hit a round ball with a round bat. Now try it with a bat and ball half the size.

# SMALL-BALL® Pitching Machine

Practicing small will force hitters to focus during practice, which translates to more confidence and success when the real games start.

For your convenience, balls can easily be picked up using the plexi extension tube.

The **JUGS SMALL-BALL® Pitching Machine** will prove to be a fun and effective coaching tool.

It is designed to:

- teach the hitter to track the ball from the release point to the impact zone.
- increase the hitter's mental concentration by teaching to hit a small object with a small bat.
- help the hitter improve depth perception by keeping his or her head still and eyes level.
- teach the fundamentals of hitting while removing the fear factor.
- allow players to practice hitting indoors safely and in a limited space.
- allow players to practice by themselves.
- allow players to practice hitting without a batting cage.

# BATTING CAGE NETTING

## Why Buy JUGS Nets?

In the last three decades we have sold over **80,000 Batting Cage Nets**—making us easily the #1-selling Batting Cage Net Company in the world. Why? Because we listen very carefully to our customers' wants and needs.

**Two questions asked most often: How long do your nets last, and how much do they cost?**

First, our netting is the longest-lasting netting of its kind. This, in combination with the strong name of JUGS, is the reason why the biggest block of our net sales is repeat customers. Secondly, we pride ourselves in giving you the finest-quality netting at the best price and guarantee possible.

**Our customers know that they may find cheaper lower-quality nets online but are unwilling to trade the quality of the JUGS brand for short-term savings.**

Make an informed choice when purchasing your batting cage net. Only **JUGS DURA-TECH™** Batting Cage Nets have all these quality features:

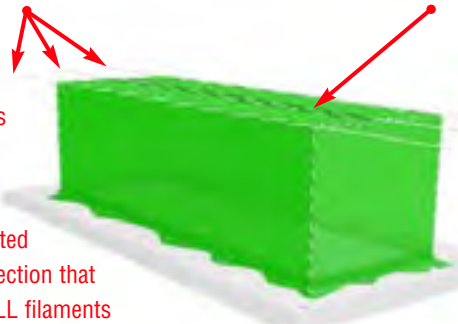

### JUGS® NETTING EXCLUSIVES

Hanging-ropes on ALL JUGS Nets are high quality, low stretch and polyester jacketed to provide maximum UV resistance.

The area on the top of the net, where hanging ropes run the length of the cage, are reinforced with a seamless 2"-wide strip of 381-lb. **DURA-TECH™** netting

Depth stretched with 100 tons of hydraulic pressure

Pressure coated with UV protection that penetrates ALL filaments

High-pressure fiber-dyeing process

100% advanced **DURA-TECH™** high-tenacity nylon

#### OTHER FEATURES YOU'VE COME TO EXPECT INCLUDE:

- Superior Diamond Mesh™ construction
- Weather treated—sealed with resin for durability
- 100% preshrunk for proper hanging
- Extremely fire retardant, rated at 496°F

#### Polyethylene vs. JUGS DURA-TECH™ Netting

Twine Size	Material	Twine Diameter	Breaking Strength
#12	Twisted Polyethylene	1.4 mm	71 lbs.
#12	JUGS <b>DURA-TECH™</b> Netting	1.2 mm	119 lbs.

### Quotations and Estimations

You will have direct access to a net specialist who has 25 years experience in the custom-netting business. You will receive complete Computer Aided Design (CAD) drawings with all quotations, usually within 48 hours. All projects are drawn to scale with dimensions, configurations and weight shown. All projects will be completely customized to suit your specifications and requirements.

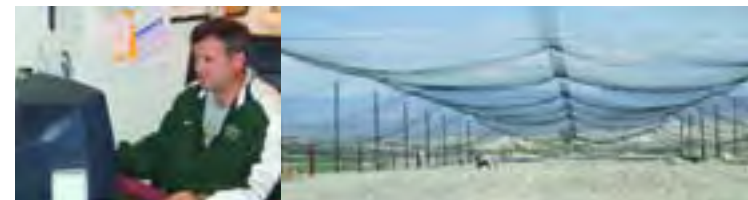

Our net specialist will send you Materials and Sample Kits to help you make your netting decision. This service is provided at no charge: Kits include various netting types, border rope types and mock-ups.

### Field Assembly and Maintenance

All shipments include completed drawings drawn to scale with complete dimensions, material lists, installation hardware and rigging, and maintenance details.

Installation Services Available: We offer full on-site installation services for projects of all sizes throughout North America.

**BEST VALUE!** **OUR GUARANTEE TO YOU**  
ALL CUSTOM NETTING ORDERS WILL BE SHIPPED WITHIN 2 WEEKS OR YOUR SHIPPING IS FREE!

Ask about **DYNEEMA/SPECTRA** super-high-strength netting: Equivalent strength as steel per diameter, but one tenth the weight.
