# BALL GLOVE

## TECHNOLOGIES

**Vibration Oil Process** begins with softening the fibers of the leather then hand conditioning each piece from the inside.

**ParaShock**® Mizuno's exclusive palm pad absorbs the shock of repeated use providing outstanding protection and ideal comfort.

**Power Close**® makes it easier for younger players to close the glove and catch the ball. Makes catching easy!

**PalmSoft**™ incorporates padded pigskin in the palm of the glove for increased feel and comfort.

**PowerLock**™ closure provides the quickest and most secure fit available.

**Butter Soft**™ is a PU lining in the palm for durability, feel, and comfort.

**QuikForm**™ lacing system provides the ultimate means of tightening your laces to give the ball glove the perfect form.

**Side Bar**™ tapered design secures the hand in place for better glove control.

**Heel flex**™ Patent-pending technology provides a more flexible/forgiving heel for the ultimate in feel & performance.

**SureFit**™ Foam adds cushioning along the back of the fingers for a more customized fit.

**V-Flex Notch**™ is designed to help initiate easy closure.

**Double Hinge Heel**™ creates an extra wide pocket for secure catching.

**UltraSoft**™ Premium US Steerhide is specifically tanned for the ultimate in softness and long lasting durability.

**Moisture Management Technology** — fabric technology that disperses perspiration away from the skin.

**Hi-Low Lacing** — maintains the integrity of a fully laced web while providing added flexibility for easier closure.

**Gender Engineering** — Mizuno's engineering philosophy to maximize performance by tailoring products to meet the needs of the female athlete.

**GLOBAL ELITE VOP FP — CARAMEL**

MSRP: **\$320.00**

**Gender Engineered:** Designed specifically for the female fastpitch player. **Vibration Oil Process:** Leather is softened and hand oiled prior to assembly that creates a great feeling glove. **Hand Oiled VOP Leather:** Unique conditioning process where the leather is hand oiled prior to assembly which allows a more thoroughly conditioned glove with a great feel. **Roll Welting:** Provides a cleaner look and stability through the fingers. **UltraSoft Pro Palm Liner:** Palm liner with excellent feeling and a soft finish. **Pre Curved Felt:** Thumb and Pinky felt are pre-curved for easy break in and a secure pocket. **PowerLock Pro:** Keeps your glove secure to your hand. **Rugged Silicon Patch.**

#### 1. CHEST

Measure around the fullest part of the chest points. Keep the tape horizontal.

#### 2. NATURAL WAIST

Measure the narrowest part. Typically the small of your back where your body bends side to side.

#### 3. LOW WAIST

Measured lower than the Natural Waist. This is typically near the top of the hip bone. Men usually wear the pants here, lower on the body.

#### 4. HIP

Measure the fullest part of the hips. Keep the tape horizontal.

#### 5. INSEAM

Measure from the crotch to the bottom of the leg. This is for pant wear length.

Use a cloth measuring tape for sizing.

Body measurements are given in inches. If your body measurement is on the border between two sizes, order the smaller size for a tighter "athletic" fit or the larger size for a loose "relaxed" fit. \*Size charts define measurements of the body and not the garment.
