Leather-born confidence. A tenacious grip on the seams. Fearless protection behind the plate and a united team hitting the diamond. Gloves, balls, protective gear and uniforms – Wilson® equipment is a natural extension of baseball and softball players everywhere. It's been like that for over fifty years and the tradition continues as players become one with Wilson in 2017.

SHIGEAKI ASO
Wilson Glove Master Craftsman

GAME MODEL GLOVES.

LEATHER WITH MAJOR PRESENCE.

They're not just worn by professionals, they're designed by them. Master Craftsman Shigeaki Aso puts his passion for perfection into the gloves, honing each pattern to the player's specs and style.

Together, Aso-san and Brandon Phillips made this year's A2K[®] DATDUDE even more unique with the addition of contrasting white welting and saddle tan faux Pro Stock Select Leather snakeskin. The red and brown combination is a nod to BP's first custom Wilson glove, Sweet Lou. The pair spent hours refining the design to make the 2017 edition the most notable model yet.

A2K[®]

THE PREMIER GLOVE

The finest cuts of leather. Meticulous construction. Three times more hand shaping by Wilson[®] master technicians. All these qualities make the A2K[®] our premier glove. The one players turn to when they want a long-lasting glove that breaks in without breaking down. Made from the top 5% of Pro Stock[®] Select leather, each hide is chosen for consistency and flawlessness, so the A2K baseball glove is the most premium glove available.

1. **PRO STOCK[®] SELECT LEATHER:**
The top 5% of Pro Stock hides are chosen by a triple sorting process for consistency and flawlessness. The 2017 A2Ks are Jet Black and Blonde.
2. **ROLLED DUAL WELTING[™]:**
Thin strips of Pro Stock leather are skived thin and rolled to provide long-lasting shape and a quicker break-in.
3. **DOUBLE PALM CONSTRUCTION:**
A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability.
4. **3X MORE SHAPING:**
A master technician spends three times longer pounding and shaping the A2K by hand, which reduces break-in time.

A2000®

PERENNIAL EXCELLENCE THROUGH INNOVATION

Constantly improving patterns. Materials that perform. Dependable construction. The evolution of the A2000 baseball glove has been driven by insights from the Wilson Advisory Staff. This is why hard working players love its unmatched feel, rugged durability and perfect break-in.

1. **PRO STOCK® LEATHER:**
Made specifically for Wilson ball gloves, this American Steerhide is preferred by professional players for its rugged durability and an unmatched feel.
2. **DUAL WELTING™:**
Two strips of leather placed along each finger back create a durable pocket and a long lasting break-in.
3. **PRO STOCK PATTERNS:**
Exclusive hand designed patterns continuously improved by Aso-san and the Wilson Advisory Staff.
4. **DRI-LEX™:**
Ultra-breathable wrist lining transfers moisture from the skin, keeping the hand cool and dry.

A2000[®] SUPER SKIN[™]

STRONG, DURABLE AND LIGHT

The A2000® Super Skin™ gloves series is the utility player of the Wilson® lineup. A versatile mix of Pro Stock® Leather and man-made Super Skin makes the glove stronger, lighter and easier to break-in than the all-leather A2000.

- 1. SUPER SKIN™:**
2x stronger than cowhide leather and only ½ the weight.
- 2. PRO STOCK® LEATHER:**
Made specifically for Wilson ball gloves, this American Steerhide is preferred by professional players for its rugged durability and unmatched feel.
- 3. STRATEGIC DESIGN:**
Leather where you need and Super Skin where you don't. Super Skin is placed on the back of the glove where it takes the most beating.

A1K™

PRO PATTERNS WITH A SNUG FIT

Built for players who prefer a tighter fitting glove with pro-level performance, the A1K™ glove series features Pro Stock® patterns with a Pedroia Fit™. It has a smaller hand opening, shorter finger stalls and a low profile heel pad that provides optimal feel, and it's available for players in every position with the A1K.

- 1. FASTBREAK™ CONSTRUCTION:**
When the best glove craftsmen get their hands on quality leather, they build a glove that offers performance and a faster break-in.
- 2. PRO STOCK® PATTERNS:**
Exclusive hand designed patterns continuously improved by Aso-san and the Wilson® Advisory Staff – just like on the A2K and A2000.
- 3. PEDROIA FIT™:**
More snug fit, smaller hand opening, low profile heel and long laces.

BANDIT™

FIELD READY FLAIR THAT LASTS.

Using some of Wilson's most popular color palettes, the Bandit is the glove for the young travel ballplayer who likes a little style to go along with his on-the-field substance. Its soft full-grain steerhide bring the perfect balance of minimal break-in and outstanding durability.

- 1. SOFT FULL-GRAIN STEERHIDE LEATHER:**
Minimal break-in, so you can take it right onto the field.
- 2. LONG-LASTING DURABILITY:**
A glove that's built to stand the test of time.

SHOWTIME™

BROKEN IN AND READY TO GO

The Showtime™ baseball glove has a cool, old-school look with its dark brown and blonde leather. Even better, grounders, line drives and fly balls don't stand a chance with a glove that's ready on Day One. There's no long winter break-in or sore knuckles punching the leather. The Showtime will be ready when you are.

- 1. DOUBLE PALM CONSTRUCTION:**
A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability.
- 2. FULL LEATHER CONSTRUCTION:**
Leather shell, laces, and palm liner. The Showtime expertly breaks in and conforms to the hand.
- 3. LOW PROFILE HEEL:**
Gives glove flexibility, opens up the palm and pocket, and makes it more forgiving on bad-hops.

A500™

FOR THE SERIOUS YOUNG PLAYER

The A500™ is the lightest all-leather glove on the market. The glove's top-grain leather provides a flexible, ready-to-play feel that performs without the extra weight of other leather gloves.

- 1. TOP GRAIN LEATHER:**
All the feel without the weight.
- 2. REAL LEATHER LACES:**
Tough and strong for maximum durability.
- 3. DOUBLE PALM CONSTRUCTION:**
Keeps the pocket stable and wrinkle free.
- 4. ROLLED DUAL WELTING™:**
Thin strips of Pro Stock™ leather are skived thin and rolled to provide long-lasting shape and a quicker break-in.

A2000® FASTPITCH

RAISE YOUR GAME

A serious glove for a serious ballplayer. The Fastpitch A2000 line-up is created with the Custom Fit System so that every fastpitch player can have a glove that fits her hand—no matter how tight she wears it. The superior feel and durability come from the premium Pro Stock® leather that breaks in perfectly and lasts from one season to the next.

1.

PRO STOCK® LEATHER:
Made specifically for Wilson ball gloves, this American Steerhide is preferred by professional players for its rugged durability and an unmatched feel.

2.

WILSON® CUSTOM FIT SYSTEM:
Designed for optimal break-in. No creases, no matter how tight a player wears the glove.

3.

NO STING ZONE:
D-Fusion padding just below the pocket to absorb the shock of hard line drives and screaming throws.

4.

COMFORT WRIST CLOSURE:
The new hook and loop wrist closure system offers a secure and comfortable fit.

ONYX™

FEELS GOOD.
BREAKS IN FAST.

A favorite of Fastpitch players, the Onyx™ is so loved because it breaks in fast and feels good. It is diamond-ready and its Double Palm Construction helps provide the durability you need to last a long season.

- 1. SOFT TUMBLED LEATHER:**
Minimal break-in but lasting durability.
- 2. ROLLED DUAL WELTING™:**
Thin strips of Pro Stock® leather are skived thin and rolled to provide long-lasting shape and a quicker break-in.

A2000[®] SLOWPITCH

PATTERNS AND COLORS

Sure, the long ball wins games, but now you can flash the right equipment on defense too. Wilson[®] A2000[®] gloves are made just for the elite slowpitch player who takes the game seriously. With slowpitch-specific patterns and hot styling, there's no way the diamond won't notice.

1. PRO STOCK[®] LEATHER:

Made specifically for Wilson ball gloves, this American Steerhide is preferred by professional players for its rugged durability and an unmatched feel.

2. FULL LEATHER CONSTRUCTION:

Two strips of leather placed along each finger back create a durable pocket and a long lasting break-in.

FLAT SEAMS

SEAMS BASEBALL

DURA-CORE TECHNOLOGY™:
Added to Red Cushioned Cork to help the ball retain hardness 15% better than the competition. Formed to withstand impact and give you the game changing performance you need.

RED CUSHIONED CORK:
Gives a Wilson® baseball the ability to keep its shape and firmness. This allows for better pop when coming off the bat.

SUPER SEAM TECHNOLOGY™:
With seams 20% higher than raised seam baseballs, pitchers experience superior control on the mound. Fielders can locate the ball quicker in their glove and throw with more accuracy.

FLAT SEAMS:
The most aerodynamic Wilson baseball, these balls fly further, giving both pitchers and hitters a true feel of the ball.

FASTPITCH BATS

DeMarini® bats are made for the way you play. Plain and simple. We design bats for very specific player needs. Whether you're a power hitter who likes the end loaded feel, a speed demon who's all about slapping, or a contact hitter looking for the lightest swinging bat, we've got a bat designed to work for you. With our brand new Paraflex™ Composite, the CF9™ lineup swings lighter and performs better than ever when it really counts – game time.

LIGHTNING™ & STONE™

LIGHTNING: This bolt of fire is available in pretty much any configuration you can think of. ASA? Check USSSA? Check USSSR? Available in Leather and Leather-like,™ it will last longer than your Wednesday night hipster mush-ball league. The inside of this rock is filled with the same Polyurethane retrieved by our R&D time travelers...from the future! It sounds awesome because it is.

STONE: Official ball of Team DeMarini. Lab compression tested to 300 lbs., they're as hard as the brass on your bench. That's right, we've squeezed our balls so you don't have to. The inside of this rock is made with space-age Polyurethane! Now with bigger bounce-to-the-ounce these .52 COR bad boys are available in both a hard-wearing genuine Leather and Leather-like skin.

Authentic THE OFFICIAL BAT OF MAJOR LEAGUE BASEBALL

ADAM JONES
Baltimore Orioles, OF
ASH AJ10

WOOD BATS

The official bat of MLB, Louisville Slugger is second to none. Each bat is the product of 130 years of craftsmanship and an unrivaled love of America's Game. Driven by a rich tradition of innovating in wood, we continue to partner with players to craft a better bat. These insights help us develop the best wood with the hardest finish that exceed expectations inside the batter's box.

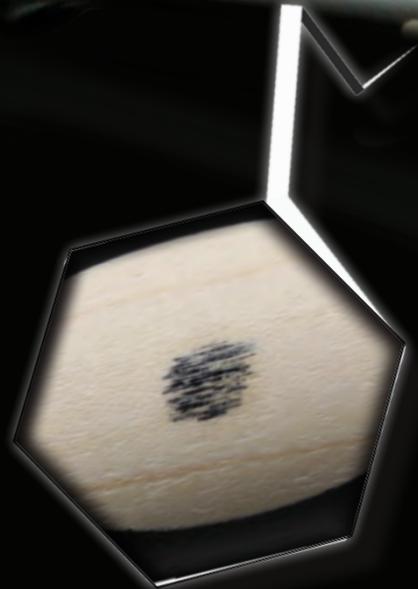

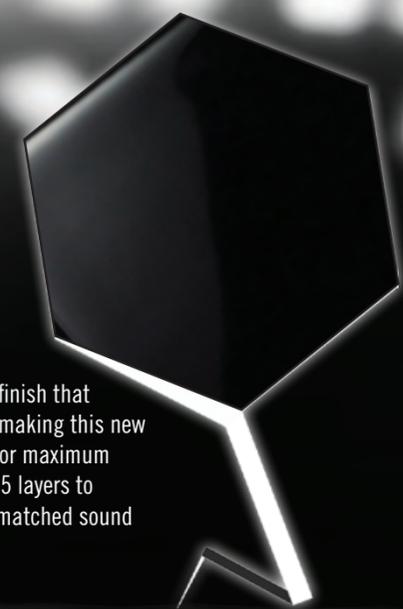

NEW MLB PRIME BATS FEATURE NEW *EXO ARMOR* FINISH.

THE HARD TRUTH

ALL PRIME bats now feature *EXO ARMOR*, a revolutionary finish that doubles the surface hardness from previous PRIME bats; making this new line of PRIME the hardest bats in the game. Engineered for maximum hardness, this finish is sprayed on each bat with at least 5 layers to ensure you will immediately notice a superior feel and unmatched sound upon contact

Powerized[®]

represents the highest quality care and craftsmanship that can be put into the making of a Louisville Slugger wood bat. Only MLB PRIME bats will carry the **POWERIZED** mark.

INK DOT:

The Ink Dot is the stamp of the highest quality wood bat. Louisville Slugger ink-dotted bats that meet slope-of-grain are approved for play in Major League Baseball. Every Maple and Birch Louisville PRIME bat carries this stamp of approval.

OMAHA®

SKIP THE BREAK IN. STORM THE FIELD.

Designed with the young, avid travel baseball player in mind, the Omaha requires minimal break-in thanks to its soft leather construction. With a line of six professional patterns to outfit every player on the diamond, no glove helps you cover more ground.

1. **SIX PROFESSIONAL PATTERNS:**
The right glove for you no matter what positions you play.
2. **SOFT FULL-GRAIN STEERHIDE LEATHER:**
Minimal break-in, so you can take it right to the field.

125 SERIES

SUPERIOR FEEL. CAPABLE CONSTRUCTION.

With soft leather, the 125 Series is ideal for players looking for minimal break-in. It is more than capable for young players and weekend warriors alike.

1. **SOFT COWHIDE LEATHER:**
For minimum break-in.
2. **PATTERNS:**
Both adult and youth patterns.
3. **ADULT OR YOUTH:**
Great for the youth player or adult weekend warrior.

M3™

CLASS: OFFENSIVE TRAINING MACHINE

LEVEL: PROFESSIONAL

The M3 Offensive Training Machine is built to train professional level ballplayers. Its industry leading 3-wheel design allows for hitters to have complete visibility of the ball throughout the entire pitch cycle, which improves their timing and increases their pitch recognition. By utilizing three concave wheels; top speed, accuracy, and spin are maximized due to the ball's increased surface contact with the wheels. The M3 is equipped to throw 105mph giving you the ability to train against Major League level fastballs and both right and left handed breaking balls. Using the speed control knobs, pitches can easily be dialed-in, helping you improve the efficiency and effectiveness of your batting practice. The M3 is the Official Machine of Major League Baseball.

 TRAVEL

The M1 is the highest performing and most durable 1-wheel training machine. It's built using the same technology, processes and materials as ATEC's other industry leading training machines. Similar to ATEC's professional and collegiate level training machines, the M1 is also equipped with a concave wheel. This wheel is engineered to increase grip on the ball to maximize both pitch speed and accuracy. The M1 is portable and powerful, designed to be the workhorse on the field and in the batting cage. It's capable of throwing fastballs up to 70mph, as well as right and left-handed curveballs, with any ball type; including real leather balls.

The R3 is used by Major League teams to develop and strengthen their players' defensive skills. Formerly called the **Power Hummer**, the R3 throws 10 balls per minute, giving you the ability to execute hundreds of ground balls, line drives, fly balls and pop-ups in a single practice. Equipped with a recovery time of 6 seconds, the R3 is extremely efficient. Incorporating either of ATEC's R-Series machines into your practice increases the practice's efficiency by eliminating the possibility of errant fungo hits. The R3 is built to perform all Major League level defensive drills; including vertical pop-ups to catchers and sending balls from home plate to the fence to help outfielders improve playing balls at the warning track and off the wall.

The R2, formerly called the **Rookie**, is built for collegiate level defensive training. It is designed to be a more compact version of the professional level R3 training machine. Both R-Series machines have the unique ability to rotate and pivot freely while the machine is on and in use, allowing you to challenge multiple fielders, playing different positions, one after another. Just like the R3, the R2 also allows you to achieve the maximum number of repetitions for any defensive drill; giving your players more quality repetitions than could possibly be achieved with only a fungo bat.

TRAINING BALLS

Machines are only one part of what creates consistent and accurate ball flight. The balls you choose to use with your machine are the second most important factor in your training machine's accuracy, and account for roughly 30% of the accuracy equation. Our High Performance (Hi.Per) ball line is built with numerous proprietary aerodynamic designs that maximize your training machine's accuracy. Each ball within the Hi.Per lineup is the most advanced ball in its class, helping you achieve the most consistent and accurate ball flight every time.

PRO BATTING TEES

T3™ & T3 SHORTY: Players use batting tees every, single, day. It is the most important piece of training equipment and our T3 tees are a staple in every Major League batting tunnel. The T3 is precisely engineered and built with industry leading materials to minimize swing interference and maximize positive contact zone feedback. The T3 lineup is designed to exceed the expectations of MLB® players and coaches. Our professional tees come with a full 1-year warranty and can quickly be set up and taken down for maximum portability.

T3 TEE WEIGHT: An eight pound vinyl coated steel weight that will fit on all existing T3 Tee models. Custom fit, snug on the base of the tee stem, adding stability to the tee, while minimizing rattle and damage to the tee stem that can be caused when using a weighted plate from a gym or weight room. This tee weight is removable from the tee stem and easily stored when not in use.
