MADE IN ADA, OHIO

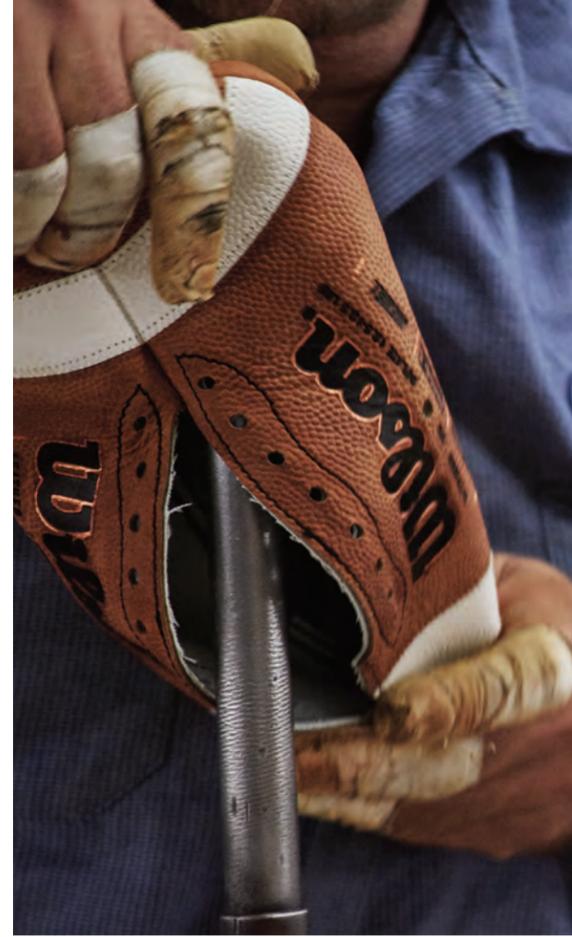

A TOUR OF THE FACTORY

Wilson has been handcrafting leather footballs in the United States from the very beginning. In 1955 we settled production down in Ada, Ohio where we continue today to produce official NFL, college, and high school leather game balls from the longest running dedicated football factory in the world.

For 60 years now our dedicated, skilled craftsmen and women have built the game balls that have been in every single Super Bowl, have been clutched by NFL legends in every NFL game since 1941, and have been carried into end zones by Heisman Trophy winners and State Champions across the country. And, from our unassuming factory floor in this unassuming small, American town, we produce nearly 3,000 balls a day—including the No. 1 selling football in the world—the GST.

Every Wilson football from the Ada factory has been touched by a dozen different hands with a dozen different stories. So from our hands to yours, it's time finally to share your own.

WILSON CUSTOM FOOTBALLS ARE HANDCRAFTED IN ADA, OHIO FROM PREMIUM AMERICAN LEATHER.

The Ada craftsmen and women who proudly make the Official game balls of the NFL, the College Football Playoff and NCAA, and high school and youth fields across the country carefully assemble our Custom Footballs with just as much pride and devotion. We want each and every ball that goes out the factory door to inspire the person holding it to feel like they own the game, whether they're a championship hungry athlete or an enthusiastic fan. In over 100 years of making the world's best footballs, we've never wavered from that promise.

SINCE 1941

For over 75 years, Wilson® and the NFL® have held the longest standing official ball partnership in US sports. The Duke® official game ball rests at the center of this partnership, clutched by the hands of thousands of gridiron legends. Now it's in your hands, so carry the tradition with pride.
