Octane SL II
P.R.O. Series

The Octane SL II confirms the axiom that "less is more." The feather-light and ultra stiff Octane Carbon 1:1 Power Plate provides optimal pedaling power and efficiency while the minimalist design of our 1:1 Anatomic Upper delivers the finest in fit and comfort.

- + **OCTANE 1:1 Power Plate:** Octane Grade Uni-Directional Carbon for feather-light stiffness; Direct-Vent technology for cooling and drainage; concave shaping for ultra low 7.0mm stack height, enhanced plate stiffness and anatomic support; and built in Longitudinal Arch Support for optimal support, power, and efficiency
- + **P.R.O. 1:1 Anatomic Closure:** follows the natural anatomic shape of the foot to eliminate hot spots and remove pressure from your instep
- + **P.R.O. 1:1 Heel Cup:** synthetic leather lining and external Carbon Power Band for maximum heel hold and power transfer
- + P.R.O. Insole with dual density EVA for optimal Longitudinal and Transverse Arch Support
- + Pearl Izumi one piece upper with laser technology provides a second skin fit, minimum weight and maximum comfort

X-Alp Seek III WRX

SELECT Series

The X-Alp Seek III WRX combines the best of both worlds. The stiff nylon Ride & Run Plate provides power transfer to the pedals, while the Softshell upper provides excellent water resistant protection and optimum breathability.

- + Seamless one-piece water resistant and breathable Softshell woven upper with DWR finish
- + Ride & Run nylon plate for easy hike-a-bike and great pedaling power transfer
- + EVA run shoe midsole for walking comfort
- + Carbon lugged outsole for superior traction and durability
- + Flexible forefoot and a running shoe beveled heel
- + Low cut construction for a light, fast fit and feel

X-Road
SELECT Series

NEW

Another Pearl Izumi first, the X-Road extends the “on-and-off-the-bike” versatility of our award winning X-Alp technology from off-road to pavement. Now you can pedal with ease but still walk, shop, or grab a coffee.

- + X-Road nylon plate delivers great pedaling stability, power and efficiency with off-the-bike comfort and walk-ability
- + Blown rubber lugged outsole for superior traction and durability
- + SKYDEX® heel crash pad for excellent off the bike shock absorption
- + Flexible forefoot and a running shoe beveled heel
- + Low cut construction for a light, fast fit and feel
- + Quick drying, highly breathable mesh/synthetic upper
