CHAMPRO[®] STANDS FOR SPORTS

PERFORMANCE QUALITY PRODUCTS

CHAMPRO's high-value products give teams the edge they need to perform like pros!

THE BEST CUSTOMER SERVICE

Our team is ready to help! Call, email, or chat with us between 7am and 7pm every weekday.

ONE STOP SHOP

We have the most comprehensive assortment of team products in the industry. We've got you covered!

YOUR INVENTORY

We are YOUR warehouse. You have over \$30 million in inventory at your fingertips!

WE SHIP FAST

Most orders placed by 4pm CST ship the same day!*

*Same day shipments depend on inventory availability, good credit standing & shipment processing capacity.

ADVANCED TECHNOLOGY

FOUR-WAY STRETCH

Four-way stretch fabrics are built to conform to a player's movements without inhibiting mobility.

DRI-GEAR

Fabrics equipped with DRI-GEAR allow moisture to escape, keeping you cool and dry.

BIOFRESH

Biofresh enhances products by giving them a shield against odor and bacteria.

TRI-FLEX PADS

Tri-flex pads provide protection while conforming to the player's body.

AIR-TECH SYSTEM

The Air-Tech System is made up of strategically placed vents that direct air away from a player's body.

INTEGRATED

Football apparel equipped with Integrated pads offer superior protection in an all-in-one package and is machine washable.

GEM GLOSS FINISH

Products with gem gloss finish will have a high shine and a gem-like appearance.

RUBBERIZED MATTE FINISH

Our rubberized matte finish out-performs the industry standard with a smooth, velvet-like texture.

WE ARE ABOUT MORE THAN JUST SPORTS

The Eden Projects

We formed a new partnership with Eden Reforestation Projects in 2011. Eden Reforestation Projects' mission is to recreate healthy forest systems that restore hope, alleviate suffering, empower people and build local economies in impoverished communities. CHAMPRO Sports® has driven reforestation efforts by financing the planting of more than 500,550 trees in Ethiopia.

Before

After

BOYS & GIRLS CLUB OF CHICAGO

CHAMPRO Sports® promotes and enables participation in team sports and athletic activities for disadvantaged youth in the Chicago area and around the world. This program provides athletic equipment, uniforms and financial support for organizations including the Boys & Girls Club of Chicago. It also provides free equipment and fully funded scholarships, enabling inner city youth to attend summer camp in southern Wisconsin.

CHAMPRO SCHOOL AND CLEAN WATER PROJECT

750 students continue their studies at the CHAMPRO School in Karsa, Ethiopia. Thanks to the support of our customers, we built four new classrooms in 2015 to accommodate the growing student enrollment. The entire Karsa community now benefits from the newly installed clean water system that was completed in 2013.

JUICE INFUSED GEAR

HOW TO JUICE YOUR JERSEY

Throughout the catalog, you will see pages like this with JUICE uniform designs. To build your jersey, start by picking a pattern, then add your decoration. Customer supplied logos, team names and numbers are all included in the price. We can also convert your artwork to be used on your jersey for an additional charge. Contact us at juice@champrosports.com for more details.

SAFETY BASES & ACCESSORIES

CONCEPT 3000 DISLODGING SAFETY BASE

DESIGNED TO REDUCE THE POTENTIAL FOR INJURIES SUSTAINED THROUGH SLIDING.

- Heavy-duty all rubber construction
- Bases insert into standard anchor system (no special installation required)
- Includes steel anchor system and rubber base plugs
- B072 - Complies with Little League® Rule 1.06*
- B073 - Complies with Little League® Rule 7.15*

On impact, the top pad dislodges from the bottom plate. The pad of the base is engineered to maintain vertical rigidity, to support a player standing on the base, while maximizing horizontal flexibility so that the pad will flex on impact.

The plate of the base is designed to be streamlined and low to the ground to allow the player to smoothly slide over the plate after the pad dislodges.

To reset the pad after it has dislodged from the plate, the posts on the pad may simply be aligned with the holes in the plate and inserted. The pad can be reset on the plate in seconds.

DISLODGING BASE SYSTEM

The B072 plate is the official 15" x 15" size to meet Little League® requirements. It provides a base for the umpire to use as a basis for making calls as the play progresses.

B072 - Set of 3 Bases - 15" x 15" x 3" - \$448.99

DISLODGING BASE SYSTEM

This dislodging double first base is official 15" x 30" size. The entire pad dislodges and is not obstructed like other systems by a fixed first base positioned next to a dislodging base. A low-profile plate remains underneath so that play may continue.

B073 - 15" x 30" x 3" - \$253.49

FAST PITCH SOFTBALLS

CHAMPRO Sports manufactures a complete range of softballs to ensure that we have a ball that meets the durability and performance standards required by any league and any budget. Our high performance polyurethane cores are pressure molded to provide

maximum durability and adhere to prescribed performance metrics of ASA, USSSA and Little League. CHAMPRO leather and durahide covers offer the best, longest lasting grip in the field. Our fast pitch softballs feature our raised "High M" seam with the feel that players prefer.

SOFTBALL CODES

CHAMPRO Softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament, "G" for game, or "R" for recreation

T (Tournament) - Leather cover & polyurethane core, high performance
G (Game) - Durahide cover & polyurethane core, all levels of play
R (Recreation) - Durahide cover & practice core; not recommended for heavy hitting

The second and third letters are either "FP" to indicate fast pitch or "SP" to indicate slow pitch

FP (Fast Pitch) - Raised Seams
SP (Slow Pitch) - Flat Seams
The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball (USSSA Specifications prohibit marking the COR and compression specifications on the ball)

How to Measure:

Bust/Chest:

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

Waist:

Measure around the body (not on top of clothing) at the natural waist level.

Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.

NOTE

The measurements listed in the above charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.
