# Changeup Super Softball™ Pitching Machine

The JUGS Changeup Super Softball™ Pitching Machine throws risers and fastballs up to 70 mph and changeups at speeds as low as 44 mph.

**\$2,195** (M1250)

In a national survey, 96% of all softball coaches polled, asked for a changeup machine—we listened.

"Hitting a 70 mph fastball, followed by a 55 mph changeup is a real challenge."

—Chelsea Spencer,  
Assistant Softball Coach, University of Oregon  
Member 2002 WCWS Championship Team, 2002 All America

**Throws 11" and 12" balls:**  
The JUGS Changeup Super Softball Pitching Machine comes standard with a 12" ball chute. An 11" ball chute is sold separately.

"The bell cow of any program."  
—American Softball Association

OFFICIAL PITCHING MACHINE

**For the first time change speeds without the hitter knowing it!**

# Jr.™ Pitching Machine

for baseball and softball

The JUGS Jr.™ is the most widely used youth-league pitching machine in the world today.

It throws consistent strikes so your players can confidently step into the batters' box and start swinging, knowing that each and every pitch is going to be a strike.

The JUGS Jr.™ can be purchased as a Baseball Only Pitching Machine or as a Baseball/Softball Pitching Machine.

**\$1,300** Baseball (M1400)

**\$1,350** Baseball/Softball (M1500)

## For Baseball:

The JUGS Jr.™ comes complete with a baseball chute and long straight legs.

## For Softball:

The JUGS Jr.™ comes complete with a softball chute and curved legs.

Set up for either sport, pitches are thrown from a realistic release point.

## Consistent strikes, pitch after pitch, year after year.

**For youngsters just starting out in the game, nothing is better than repetition of fundamental skills.**

By using the Jr.<sup>™</sup> Pitching Machine, young ball players get to hone their swings because pitches arrive in virtually the same location each time. That makes the challenge of hitting a little easier and a lot more fun.

**Great for defensive drills**—Swivel-design base provides 360° movement for fly balls, pop-ups and ground balls.

### Features, Benefits and Facts:

- Set your JUGS Jr.<sup>™</sup> to throw at the exact mph you desire. With its digital readout display, you decide what precise speed is best for your players.
- Portable and easy to move and set up. Weighs just 75 lbs.
- Special non-marking pneumatic tire.
- Patented “always see the ball”<sup>™</sup> delivery system.
- Runs on 110-volt AC, Powerhorse<sup>®</sup> Portable Inverter Generator–2000 or the Complete Practice Battery Pack.

# MVP® Baseball Pitching Machine

The JUGS MVP® Baseball Pitching Machine is designed specifically for pitching-machine leagues.

**\$999** (M1600)

## Have you considered starting up a JUGS Pitching Machine League™ in your community?

### Here's why you should:

For youngsters just starting out in the game, nothing is better than repetition of fundamental skills.

By using the MVP® Baseball Pitching Machine, young ball players get to hone their swings because pitches arrive in virtually the same location each time. That makes the challenge of hitting a little easier and a lot more fun.

Give your players a chance to focus on hitting, fielding and base running by replacing strong pitching with a JUGS Machine. Games played with JUGS machines are easy, safe, fast paced, and fun!

The JUGS SOFTIE® Baseball is the Official Ball for JUGS® Pitching Machine League™ games. See page 49 for details.

**You'll love watching young ballplayers playing a game with the JUGS MVP® pitching for both teams. Hitters see only accurately thrown strikes. No walks. No fear of being hit. Lots of action.**

### Features, Benefits and Facts:

- Set your JUGS MVP® to throw at the exact mph you desire. With its digital readout display, you decide what precise speed is best for your players.
- Portable and easy to move and set up. Weighs just 56 lbs.
- Special non-marking pneumatic tire.
- Patented "always see the ball"™ delivery system.
- Runs on 110-volt AC, Powerhorse® Portable Inverter Generator–2000 or the Complete Practice Battery Pack.
- Throws baseballs, Sting-Free® baseballs, Pearl® baseballs, Lite-Flite® baseballs, SOFTIE® baseballs and JUGS BULLDOG™.

# Small-Ball® Pitching Machine

\$199 (M7000)

The toughest thing to do in sport  
is hit a round ball with a round bat.  
Now try it with a bat and ball half the size.

The JUGS Small-Ball® Pitching Machine will prove to be a fun and effective coaching tool.

**It is designed to:**

- Teach the hitter to track the ball from the release point to the impact zone.
- Increase the hitter's mental concentration by teaching to hit a small object with a small bat.
- Help the hitter improve depth perception by keeping his or her head still and eyes level.
- Teach the fundamentals of hitting while removing the fear factor.
- Allow players to practice hitting indoors safely and in a limited space.
- Allow players to practice by themselves.
- Allow players to practice hitting without a batting cage.

Actual  
Small-Ball® size:

**⚠ WARNING ⚠**  
CHOKING HAZARD: THIS PRODUCT CONTAINS SMALL BALLS. NOT INTENDED FOR CHILDREN UNDER 3 YEARS.

# Combination Pitching Machine™

for baseball and softball

**\$2,800** (M1300)

The Combo Pitching Machine™ is 2 machines in 1—a baseball machine and a softball machine.

Perfect for coaches on a tight budget.

## Our most versatile machine:

The Combo's patented "QUICK CHANGE"™ design lets you switch from baseball to softball in a matter of seconds.

The Combo comes with two sets of legs—long straight legs for baseball and tennis, and short curved legs for softball.

The patented "gooseneck" design provides full range of movement to adjust for all types of pitches, including: Fastballs, curves and sliders for baseball and sidearm curves, risers and drops for softball.

## Features, Benefits and Facts:

- Quick and easy speed adjustment. Throws from 20-104 mph.
- Portable and easy to move and set up. One person can remove the legs and load JUGS into the trunk of a car.
- Patented "gooseneck" design provides full range of movement to adjust for all types of pitches, including fastballs, curves, sliders and split-finger fastballs.
- Throws baseballs, 11" or 12" softballs, Sting-Free® balls, Pearl® baseballs, Lite-Flite® balls, SOFTIE® balls, BULLDOG™ and tennis balls.
- GREAT FOR DEFENSIVE DRILLS. Swivel-design base casting provides 360° movement for fly balls, ground balls and pop-ups.
- Runs on 110-volt AC, Powerhorse® Portable Inverter Generator–2000 or the Complete Practice Battery Pack.

# NEW Low Cost, High Quality Batting Cage Netting for Baseball and Softball

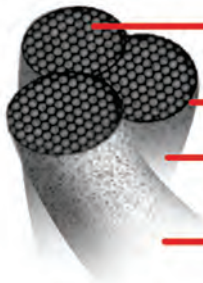

## JUGS® now features both Polyethylene and Commercial Grade **POLYESTER** batting cage netting.

Our customers know that they may find cheaper lower-quality nets online but are unwilling to trade the quality of the JUGS® brand for short-term savings. In the last four decades we have sold over 121,000 Batting Cage Nets—making us easily the #1-selling batting cage net company in the world. Why? Because we listen very carefully to our customers' wants and needs.

**Two questions asked most often:** How long do your nets last, and how much do they cost? First, our netting is the longest-lasting netting of its kind. This, in combination with the strong name of JUGS, is the reason why the biggest block of our net sales is repeat customers. Secondly, we pride ourselves in giving you the finest-quality netting at the best factory-direct price and guarantee possible.

### JUGS Batting Cage Netting Quality Features:

#### Extruded Black Core

Other nets have a white core with black surface coat.

#### JUGS Special UV Formula

Our patented UV inhibitors prevent nets from becoming brittle.

#### Twisted Strands

Our twisted netting has a higher abrasion resistance than braided, because twisted has less surface area than braided. This allows the balls to slide and spin off of the surface.

#### Hitter's Door

All JUGS Batting Cage Nets come with a Hitter's Door for easy in-and-out access.

## **NEW TWISTED KNOTTED BLACK POLYETHYLENE NETTING** Features and Benefits:

- Available in 3 strengths: #27, #42 and #60.
- Twisted Knotted Black Polyethylene Nets are hung on the square and are designed specifically for baseball and softball use.
- All JUGS nets come with a JUGS Hitter's Door for easy in-and-out access.
- Knotted nets have a higher overall strength and durability rating making them superior for direct impact sports like baseball and softball.
- Twisted netting has a higher abrasion resistance than braided, because twisted has less surface area than braided. This allows the balls to slide and spin off of the surface.
- Polyethylene netting doesn't absorb water—perfect for wet or humid hot climates—This is the best protection to prevent rotting.
- All JUGS nets are black and offer the best protection from the affects of sunlight—the darker the color, the greater the UV deflection.
- We incorporate the industries highest UV protection.
- JUGS netting is hydraulically depth stretched to improve knot tightness and reduce stretching and shrinking over time.
- Baseball and Softball size mesh—1¾".
- Heavy-Duty Polypropylene Black Rope Borders on top, bottom, and vertical corners. Rib-Line Ropes down the center for extra suspension points with less sagging.
- **1-Year Guarantee on #42 and #60.**

# JUGS® Hitting Tee Collection

"I'm excited to introduce the latest editions to our hitting tee collection—the NEW JUGS T and the NEW JUGS Short T. No one offers a longer guarantee or lower price on tees of this quality."

—Butch Paulson, President, JUGS Sports

**NEW JUGS® T** Durability, Stability and Portability are the keys to the New JUGS® T.  
**\$84<sup>95</sup>** (A0415)

## Features, Benefits and Facts:

- Longest guarantee and lowest price for a tee of this quality.
- Large 14" x 11", ¼"-thick steel base adds stability. Weighs less than 10 lbs.
- No outside weight needed. Will not tip over.
- Telescoping stem unscrews from base.
- Quick adjustment range of 24" to 46" allows hitters to work on their swing mechanics throughout the strike zone.
- Great for high- and low-tee drills.
- Always-feel-the-ball flexible top. Feel the ball on contact, not the tee.
- Unlike similar designed tees, our patented internal interlocking bolt design prevents slippage of the upper tee stem.
- Base comes complete with patented grip-n-go™ handle. Makes for easy transport and will fit into most travel bags.

## Best Choice For:

- Backyard Players
- Youth Leagues
- High Schools and Colleges
- Professionals

JUGS T can also be used for slow-pitch softball training.

**A hitting tee is the most commonly used training tool for baseball and softball.**

For complete strike zone coverage.

## NEW Combo T Package:

\$114<sup>95</sup> (A0417)

This package includes:

1. Regular JUGS T stem: 24"– 46"
2. NEW SHORT T stem: 16"– 23"
3. One T base.

Work on the pitches at the bottom of the strike zone.

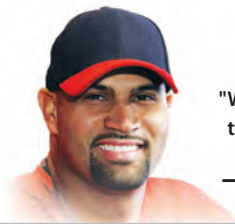

Great for any age or skill level, T-ball through the pros.

Absolutely love it! I think it's extremely valuable for doing breakdown drills where you kneel on one knee to isolate the lower body so you're just working on your hands and your arms in the middle of the swing.

—Michele Smith, 2-Time Olympic Gold Medalist

"When I'm hitting off a JUGS Hitting Tee, I'm thinking—put the perfect swing on the ball, then repeat that swing time after time."

—Albert Pujols, 3-Time MVP

Throwing balls that give pitchers the count and the desired pitch location.

- Becoming a great pitcher is the ability to recognize the relationship between "the count" and ball location, then mastering the execution of that pitch. PERFECT PITCH™ leather baseballs and softballs teach this very thing.

# Attention FOOTBALL coaches: We have 2 machines for you.

"It's hard to practice at an elite level if you can't get consistent balls and that's what the JUGS Machine does for you—the consistency for which the ball is going to come out. Offensive players, defensive players, if you're trying to catch the football and learn how to catch the football, you're better off catching it when you get a consistent throw every time."

—Cris Carter  
Hall of Fame Wide Receiver

## Football Machine™ \$2,600 (M1700)

### Features, Benefits and Facts:

- Every professional team, most college teams and over 10,000 high school teams have invested in the original JUGS Football Machine™.
- Running backs, tight ends, and wide receivers need constant practice catching the football. With JUGS, these players catch more passes in a week than they normally would in an entire season.
- Defensive backs and linebackers can be given practice on a variety of reaction and zone-coverage drills in a short period of time, without having to take your best quarterback away from where you really need him to be—with the offensive unit.
- On punt and kickoff-return team drills you do not waste any time with JUGS doing the "kicking." High-lofting end-over-end "kicks" go exactly where you want them to—so your players learn their assignments quickly.

## Field General™ \$2,100 (M1750)

### Features, Benefits and Facts:

- Receivers and Running Backs need consistent practice catching the football. With the Field General™, these players see a week's worth of passes in a fifteen-minute drill session. Simply put, more passes caught in practice means more receptions in games.
- Defensive players can be given practice on a variety of reaction and zone-coverage drills in a fifteen-minute session without taking your quarterbacks away from their work with the offense.
- With hang times of up to 5 seconds, the Field General can accurately "kick" high-lofting punts directly at one player or another, or at any point in between. You can save 30 minutes of practice time each day because, with the Field General™, you will eliminate shanked punts. Remember, crisper special team drills will produce the game results you want.
