

Riddell®

2017

Riddell produces engineered, sophisticated, protective equipment that is backed by extensive research and built with the athlete in mind.

Our foundation is built on a history of developing cutting edge innovations.

We modernized the football helmet in 2002 with our Patented Side Impact Protection (PSIP) introduced with the Riddell Revolution helmet.

This patented technology continues to be standard in every Riddell helmet, further solidifying our position as the leader in the field.

In 2003, the Riddell Sideline Response System (SRS) was the first helmet system to monitor and report impacts and to date has collected nearly 3 million impact data points.

In 2012, we introduced the first quick removal shoulder pad system, the Riddell RipKord, an advantage in the removal of equipment on-field as accepted protocols change for athletic trainers and first responders.

We introduced the first embedded helmet impact sensor technology, Riddell InSite, in 2013.

In the Riddell SpeedFlex, we introduced selective flexibility to the helmet shell and we reinvented the chin strap attachment system.

We lead and others follow.

We are football's innovators.

We are....

Riddell.

RIDDELL® FOOTBALL HELMET TERMINOLOGY

INSITE	The Riddell® InSite® Impact Response System is a helmet-based impact monitoring technology designed to alert when significant single and multiple impacts are sustained during a football game or practice.
PATENTED SIDE IMPACT PROTECTION (PSIP)	Proprietary technology included in all Riddell helmet models. Research-based mandible protection helps reduce the forces from side impacts. Technology feature consists of side shell extensions combined with side liner extensions.
THE FLEX SYSTEM	Flexibility engineered into the helmet's shell, face mask and face mask attachment system with hinge clips reduces impact force transfer to the athlete.
COMPOSITE ENERGY MANAGEMENT	Strategic combination of padding materials inside of the helmet absorb impact energy and retain their position and purpose over extended durations of play.
QUICK RELEASE™	Face mask attachment hardware, precision-milled from stainless steel. Disengages with a simple press of a button.
TRU-CURVE LINER SYSTEM	Interior liner that conforms to the shape of a player's head, as well as fits the contours of the helmet shell (front pad, crown, back/side, occipital lock, face frames) for improved comfort and fit.
OCCIPITAL LOCK	Inflatable liner that, when inflated, cradles the athlete's occipital lobe improving the helmet's security and fit.
RATCHET-LOC™ RETENTION SYSTEM	A ratchet-style chin strap attachment system developed based on elite player feedback and designed for easy, efficient adjustments that can keep up with the game's faster pace and offers a new way to help secure proper fit each play.
HS⁴ FACE MASK	High Strength Spring Stainless Steel; thinner and lighter, high performance face mask improves sightlines and field vision for the athlete.
CUSTOM FIT LINER	Inflatable liner components used to make final sizing adjustments for a custom fit.
LIGHTWEIGHT TECHNOLOGY	Engineered face mask and shell designs reduce the overall weight which improves the balance and comfort of the helmet.
FLEXLINER	Flexible liner, designed to conform to various head shapes, providing comfort and helmet stability.
QUICK CHANGE LINER ATTACHMENT SYSTEM	Removable padding system with screw-in caps, designed for ease-of-use when removing or inserting pads.
OVERLINER	Removable, moisture-resistant liner cover with antimicrobial properties built-in to protect the product. Provides comfort and stability.
FITTED LINER (YOUTH ONLY)	Fixed-sized, youth helmet liner system provides comfort and protection without inflation.
BUILT-IN T-NUT WRENCH	Molded stops in the helmet shell allow for easy removal of screws without the use of a wrench or pliers.

Riddell® SMARTER FOOTBALL

Smarter Football brings together the football community in a movement towards a more intelligent game. Through the initiative, Riddell will donate a total of \$100,000 in new equipment grants to teams that best show how they advance the game through smarter tactics on and off the field.

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received MEDICAL CLEARANCE.

What it is

PLAYER UNIT

Riddell SpeedFlex InSite Impact Sensor and Overliner/Front Pad Cover

ALERT MONITOR

Handheld wireless device that receives and displays impact alerts

InSite Alert Monitor*

Item: R63311 Price: \$205.00

*Single Monitor can house a roster up to 150 players. Sold Separately.
AA rechargeable batteries included.

NEW ISPM VERSION 3

Player management software to review player impact profile(s), view impact alert details and manage player roster

*Shell transparency is for artistic effect, does not represent actual product.

InSite

How it works

IMPACT

An impact occurs, and the Player Unit five-zone sensor pad quantifies the impact.

ANALYZE

The instrumented helmet evaluates whether the hit is above the threshold levels.

TRANSMIT

If an impact or sequence of impacts exceeds a predetermined threshold, an alert is transmitted wirelessly from the Player Unit to the Alert Monitor.

ALERT

The Alert Monitor notifies sideline staff of the impact by player name and number.

ACT

Utilize actionable information during practices and games.

InSite Alerts are based upon player specific thresholds

- **PLAYER POSITION & PLAYER LEVEL**
- **SINGLE & MULTIPLE IMPACTS**
- **IMPACT LOCATION**

InSite Analyzes impact and provides

- **SINGLE IMPACT ALERTS**
- **SINGLE IMPACT ALERT LOCATION**
- **MULTIPLE IMPACT ALERTS**
- **TRAINING OPPORTUNITIES**

Riddell® SpeedFlex™ with InSite Features

InSite Impact Response System - Integrated Impact Monitoring tool that provides actionable information to team staff during practice and games.

The Flex System - Flexibility engineered into the helmet's shell, face mask and face mask attachment system with hinge clips reduces the impact force transfer to the athlete.

Ratchet-Loc™ Retention System - A ratchet-style chin strap attachment system designed for easy, efficient adjustments and offers a new way to help secure proper fit.

All-Points Quick Release™ - Four-point face mask attachment that disengages with a simple press of a button.

Patented Side Impact Protection (PSIP) - Research-based mandible protection helps reduce the forces from side impacts. Technology feature consists of side shell extensions combined with side liner extensions.

Flexliner - Flexible liner, designed to conform to various head shapes, providing comfort and helmet stability.

Quick Change Liner Attachment System - Removable padding system designed for ease-of-use when switching pads.

Occipital Lock - Inflatable liner that, when inflated, cradles the athlete's occipital lobe improving the helmet's security and fit.

Tru-Curve Liner System - Interior liner that conforms to the shape of a player's head as well as fits the contours of the helmet shell (front pad, crown, back/side, occipital lock, face frames) for improved comfort and fit.

Additional Features: Composite Energy Management, Custom Fit Liner, HS⁴ Face Mask, Strap • Loc, Five-Year Shell Warranty

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received MEDICAL CLEARANCE. Ignoring this warning may lead to another and more serious or fatal brain injury.

What it is

PLAYER UNIT

Riddell SpeedFlex InSite Impact Sensor and Overliner/Front Pad Cover

ALERT MONITOR

Handheld wireless device that receives and displays impact alerts

InSite Alert Monitor*

Item: R63311 Price: \$205.00

*Single Monitor can house a roster up to 150 players. Sold Separately.
AA rechargeable batteries included.

NEW ISPM VERSION 3

Player management software to review player impact profile(s), view impact alert details and manage player roster

*Shell transparency is for artistic effect, does not represent actual product.

InSite

How it works

IMPACT

An impact occurs, and the Player Unit five-zone sensor pad quantifies the impact.

ANALYZE

The instrumented helmet evaluates whether the hit is above the threshold levels.

TRANSMIT

If an impact or sequence of impacts exceeds a predetermined threshold, an alert is transmitted wirelessly from the Player Unit to the Alert Monitor.

ALERT

The Alert Monitor notifies sideline staff of the impact by player name and number.

ACT

Utilize actionable information during practices and games.

InSite Alerts are based upon player specific thresholds

- PLAYER POSITION & PLAYER LEVEL
- SINGLE & MULTIPLE IMPACTS
- IMPACT LOCATION

InSite Analyzes impact and provides

- SINGLE IMPACT ALERTS
- SINGLE IMPACT ALERT LOCATION
- MULTIPLE IMPACT ALERTS
- TRAINING OPPORTUNITIES

Riddell® SpeedFlex™ Youth with InSite Features

InSite Impact Response System - Integrated Impact Monitoring tool that provides actionable information to team staff during practice and games.

The Flex System - Flexibility engineered into the helmet's shell, face mask and face mask attachment system with hinge clips reduces the impact force transfer to the athlete.

Ratchet-Loc™ Retention System - A ratchet-style chin strap attachment system designed for easy, efficient adjustments and offers a new way to help secure proper fit.

All-Points Quick Release™ - Four-point face mask attachment that disengages with a simple press of a button.

Patented Side Impact Protection (PSIP) - Research-based mandible protection helps reduce the forces from side impacts. Technology feature consists of side shell extensions combined with side liner extensions.

Flexliner - Flexible liner, designed to conform to various head shapes, providing comfort and helmet stability.

Quick Change Liner Attachment System - Removable padding system designed for ease-of-use when switching pads.

Occipital Lock - Inflatable liner that, when inflated, cradles the athlete's occipital lobe, improving the helmet's security and fit.

Tru-Curve Liner System - Interior liner that conforms to the shape of a player's head as well as fits the contours of the helmet shell (front pad, crown, back/side, occipital lock, face frames) for improved comfort and fit.

Additional Features: Composite Energy Management, Custom Fit Liner, HS⁴ Face Mask, Strap • Loc, Three-Year Shell Warranty

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received MEDICAL CLEARANCE. Ignoring this warning may lead to another and more serious or fatal brain injury.

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in **CONCUSSION-BRAIN INJURY** which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received **MEDICAL CLEARANCE**. Ignoring this warning may lead to another and more serious or fatal brain injury.

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received MEDICAL CLEARANCE. Ignoring this warning may lead to another and more serious or fatal brain injury.

Helmet Care Kit	Includes 1-quart bottles of Hi-Shine (2), Helmet War Mark Remover, De-Glu, sponges and pads.	Item: R27503 Price: \$129.00
Riddell Odor Remover (6 ounces)	Eliminates tough odors caused by perspiration and bacteria from athletic shoes, clothing and equipment. Will not harm/stain fabrics.	Item: R45903 Price: \$5.14
Riddell Odor Remover (1 gallon)	Eliminates tough odors caused by perspiration and bacteria from athletic shoes, clothing and equipment. Will not harm/stain fabrics.	Item: R45904 Price: \$42.00
Pro Prep™	A helmet polish that helps keep helmet clean and look like new. Allows for decals to be easily removed at the end of the season.	Item: R60216 Price: \$26.00
A KilZone® Disinfectant	According to Sports-O-Zone, hospital grade disinfectant that eliminates a broad spectrum of bacteria and virus on various surfaces and fabrics. Sold in case of 4 x 1 gallon bottles.	Item: KILZONE Price: \$206.00
B Cutters® S450 Rev Pro Solid Gloves	C-TACK™ palm for ultimate grip. Flexible back of hand, synthetic panels and Extended C-TACK™. Performs in All Weather Conditions. Machine Washable and dryable. Meets NOSCAE standards.	Colors: Wht, Blk, Red, Org, Nvy, Fr Grn, Prpl, Ylw, Ryl, Pnk Sizes: S-3XL Item: S451 Price: \$50.00
C Triple Play Card Holder	Velcro close front. Holds 3 times the information.	Colors: Blk, Wht, Scr, Gld Nvy, Ryl, Pnk Item: APH3 Price: \$12.50
D Game Day Sports Wristband	Sweatband/wristlet with game plan compartment. Waterproof for long use.	Color: Wht Item: APH-W Color: Blk Item: APH-BK Price: \$8.25
E Hand Warmer	Soft fleece keeps hands warm and dry from inclement weather. Adjustable waist strap fits all.	Color: Wht Item: HWMW Color: Blk Item: HWMB Price: \$20.00

WARNING: NO HELMET CAN PREVENT SERIOUS HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. Contact in football may result in CONCUSSION-BRAIN INJURY which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea or confusion. If you have symptoms, immediately stop playing and report them to your coach, trainer and parents. Do not return to a game or practice until all symptoms are gone and you have received MEDICAL CLEARANCE. Ignoring this warning may lead to another and more serious or fatal brain injury.

USA Football leads the game's development for youth, high school, and other amateur players. USA Football advances coaching education and player skill development for safer play and positive experiences through athletics.

USA FOOTBALL GRANTS PROGRAM

USA Football annually awards more than \$2 million dollars in Equipment, AED and Field Building Grants. Is your youth or high school football team in need of new equipment, a lifesaving AED, or assistance in building a field? Make sure they apply for a USA Football Grant at www.usafootball.com/grants.

HEADS UP FOOTBALL

Heads Up Football® is a USA Football program designed to create a better, safer game through important standards rooted in education.

U.S. NATIONAL TEAM

USA Football manages the U.S. National Team in football, which represents the United States in international competitions and IFAF World Championships.

NFL FLAG powered by USA Football provides opportunities for children ages 5-17 to enjoy America's favorite sport while wearing NFL gear.

7ON7

USA Football's 7on7 program was built by high school coaches with the core principles centered around professionally organized and managed events featuring high-quality competition with top high school programs from each region, certified high school officials, and a high volume of games allowing for maximum repetitions.

FUNDAMENTALS

USA Football's FUNDamentals program introduces children to football by teaching basic skills in a fun, non-contact, energetic environment.

Players and parents learn proper tackling fundamentals, concussion education, and helmet fitting during annual Protection Tour stops.

RECONDITIONING AND RECERTIFICATION

Every athlete deserves a clean, sanitized piece of athletic equipment and Riddell® recommends all helmets should be certified annually.

Why Reconditioning + Recertification Are So Important

Regular reconditioning and recertification ensures that athletic equipment continues to meet performance standards. Annual reconditioning will not prevent injuries, but it does ensure that every athlete is issued clean, sanitized, inspected and repaired equipment - and in the case of the helmet, recertified to the NOCSAE performance standard. At the same time, the effective life of that equipment is prolonged and athletic costs are reduced in the long run.

Call for on-site FREE estimate: 1-800-275-5338

Riddell[®]
PROTECT AND PERFORM

Click to see Riddell Reconditioning & Recertification video 

[Click to see Riddell Reconditioning & Recertification video](#) 

The Riddell reconditioning process ensures the equipment meets the same standards of excellence as the athlete's performance.

Helmets and shoulder pads are inspected for any wear and tear that might compromise protective performance.

The marks of last seasons' games are buffed out and sanded to remove imperfections.

The sweat of hard work is washed away, ensuring that each athlete will be gearing up with a clean and sanitized piece of equipment.

Once clean and inspected, helmet interior parts are replaced as necessary and the helmet is painted with team colors ready to shine under the stadium lights.

Shoulder pads are stitched where worn. Rivets and grommets, replaced where needed.

Helmet clips, straps and cages are reattached by hand and secured with the utmost attentiveness so the athlete can focus on the game.

Finally, the most important equipment is ready to represent a school, champion a team and protect the player.

SHOULDER PAD TECHNOLOGY

SHOULDER PAD TERMINOLOGY

Riddell® RipKord™

The RipKord shoulder pad removal system utilizes a release mechanism that is strategically integrated into the shoulder pad that allows for quick and easy removal and access to the player.

Air Management

Shoulder pad liner construction that attenuates impact energy on a cushion of air within semi-sealed chambers. Energy dispersion occurs through spreading the impact forces within a large volume of air slowly released from the liner at a controlled rate.

STAC System

Patented designed cap and epaulet system provides protection to the AC joint while allowing for maximum mobility.

Flat Pad Design

Shoulder pad design that sits low across the player's shoulder, minimizing interference with the rotational range of the helmet. Rigid belts route forces away from the point of impact by converting the entire arch into a large-scale, shock absorbing system.

Z-Fit Belting System

Attachment system using high-strength nylon clips to increase the ease of putting on and securing a shoulder pad.

Riddell. RIVAL

Features

01 - Flat Pad Design

Shoulder pad design that sits low across the player's shoulder, minimizing interference with the rotational range of the helmet. Rigid belts route forces away from the point of impact by converting the entire arch into a large-scale, shock absorbing system.

02 - Corrugate Arches & Epaulet

Engineered design element which raises areas of the outer surface to create a stronger structure. Thus allowing the component to be thinner for weight reduction.

Additional Features:

- + Removable / Adjustable Bodies
- + Integrated Front Deltoids
- + Streamline Caps
- + Flat Pad Design
- + 1" PVC Belts

WARNING: Football is a dangerous sport which may result in serious injuries or even death. Although our equipment is designed to help reduce the risk of such injuries, there is no guarantee that any injury will be prevented by the use of this equipment.

Riddell. POWER® JPK+

Model JPK+ SK Shown

Features

01

02

03

01 - Integrated RipKord™ Technology

The RipKord shoulder pad removal system utilizes a release mechanism that is strategically integrated into the shoulder pad that allows for quick and easy removal and access to the player.

02 - STAC Shoulder System

Specially-designed cap and epaulet system provides protection to the AC joint while allowing for maximum mobility.

03 - Back Plate

Included back plates on both JPK+ SK, JPK+ AP models.

Model

Model	POSITIONS	ARCH	STAC SYSTEM	BELTS	SIZES	ITEM
JPK+ SK	Skilled Positions	Short	Skilled	1" PVC	2XS - L	R48272
JPK+ AP	All-Purpose	Mid-Length	Standard	1" PVC	XS - XL	R48273

Additional Features:

- PVC Epaulet Straps & Belts
- Flat Pad Design
- Air Management Liner System
- Riveted Back Plate Included
- Swivel Fronts

For patent information, visit riddell.com/patents.

Riddell® RIVAL JV

Riddell® Rival JV

Level: **Junior Varsity**
Item: **R48321**
Price: **\$89.00 each**

Features

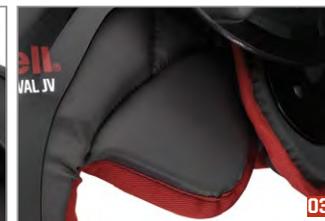

01 - Corrugated Arches & Epaulets

Engineered design element which raises areas of the outer surface to create a stronger structure. Thus allowing the component to be thinner for weight reduction.

02 - Flat Pad Design

Shoulder pad design that sits low across the player's shoulder, minimizing interference with the rotational range of the helmet. Rigid belts route forces away from the point of impact by converting the entire arch into a large-scale, shock absorbing system.

03 - Integrated Deltoid Pads

Open cell foam piece that protects the deltoid muscle during contact.

Additional Features:

- + Removable / Adjustable Bodies
- + Streamline Caps
- + Short Arches
- + 1" PVC Belts

For patent information, visit riddell.com/patents.

HIGH PERFORMANCE MOTION FIT JERSEYS & PANTS

Patriots uniform shown

Compression fit jerseys in Pro Flex fabric for maximum flexibility and Pro Stepline Mesh inserts for breathability with all decorations included at one price.

FEATURES

+ PRO FLEX BODY WITH STRETCH PRO STEPLINE MESH SIDE INSERTS

Total compression throughout body, shoulder and sleeves fit for today's athlete with outstanding range of motion and flexibility. Stretch mesh side inserts continues with the compression fit and adds breathability.

+ DROP SLEEVE WITH INSIDE SLEEVE POCKET

Pro Flex shoulders and drop sleeves with added sleeve pocket to keep shoulder pad caps under the player's jersey. Optional sublimated sleeves available.

+ STRETCH KISS-CUT TACKLE TWILL

Stretch Twill allows decorations to stretch as the jersey forms to the player's body. Choice of solid or sublimated numbers.

+ PRO FLEX PANT WITH PRO STRETCH MESH SIDE INSERTS

Pro Flex compression fit pant with elastic waistband including drawstring and knee pockets. Pro Stretch Mesh side inserts for ventilation.

FABRICS

HP Pro Flex

Four way stretch for compression fit for optimal performance, comfort and durability.

Pro Stepline Mesh

Stretch Mesh allows a compression fit with ventilation to help keep the player cool yet does not compromise on durability.
