

# SHOCK DOCTOR®

## INNOVATIVE **BREAKTHROUGHS** IN GREATNESS

Shock Doctor has a Ph.D. in all things **performance-driven** and **innovation-savvy**. Since 1992, we have been the industry leaders and now we reign as the undisputed world champions in mouthguard technology and popularity. Shock Doctor is absolutely mouthguards, but Shock Doctor is a

large mouthful more. We practice in the **field of protection**—the protection of muscle and bone, the protection of mind and spirit and the protection of the ability to play on tomorrow. Our well-earned degree is not in a frame on the wall, but lives in every item and innovation we present to our athletes.

# MOUTHGUARDS

*We remain undefeated*

The undisputed world leader in mouthguard technology

Holding the title of "Number One Mouthguard in the World" is a **responsibility** and a position we **proudly accept** and do not take lightly. This title entrusts Shock Doctor with providing exceptional protection and enhanced performance to more athletes on more fields, courts, rinks, pitches and places **across the globe**. Our mouthguard technology **refines** and **rarifies**. Our mouthguard collection **consolidates** and **clarifies**. Our mouthguard profile via top-level pros, major associations and important endorsements expands and energizes.

Oral and facial **injuries** occur at an **alarmingly high rate**. More and more athletes, coaches and parents are climbing on the Shock Doctor Mouthguard Clue Bus for world-renowned performance. Our undefeated status remains intact for the 2017 mouthguard season.

# NEW FOR 2017

## + InVent™ PAGE 016

Another tech invention from the world's number one mouthguard inventor. InVent is a literal breakthrough in mouthguard design that allows for **greatly increased airflow** and therefore, greatly increased **breathability** and **speak-ability**. Go with the flow of InVent.

## + FIT System 2.0 PAGE 013

We make it easy to take it easy. Shock Doctor's hardcore commitment to the ultimate fit means **redefining the fitting system** when needed. We've given our FIT sizing system a reboot to better reflect an athlete's needs and wants. Look for the **Classic, Slim, Sport** and **Braces** icons on packaging, merchandising, online and wherever two or more Shock Doctor mouthguards gather.

## + SuperFit™ PAGE 016

SuperFit provides complete **360° fit** and function in Slim and Sport Fit sizing. By way of InVent™ Technology, SuperFit takes **low temp, fast-fit technology** to another, one-and-only Shock Doctor level.

## + Gel Max Power™ PAGE 014

Retain what's great and blow up the rest to create a seriously redesigned option. Gel Max Power features a **major upgrade** to Shock Doctor **monocoque chassis** design with natural contours and softened surfaces for the most comfort in a Classic Fit. A layer of Grip-Fit gel in the U-Channel envelops teeth for the **tightest protection** and **greatest comfy-ness**.

## + Flavor Fusion Technology PAGES 014-020

This is the **taste of victory**. Our exclusive Flavor Fusion Tech was created to add the ideal amount of **mood-enhancing** tastiness to the ideal amount of Shock Doctor greatness.

## + Get Graphic PAGE 014 & 019

Players are out to score points AND, score **style points**. Shock Doctor speaks **boldly** without saying a word. Look for tight **new graphics** on select mouthguard models.

### JOINING FORCES

The American Association of Orthodontists and Shock Doctor have teamed to shed a new and brighter light on dental and orofacial safety at all levels of sport. We're contributing our protective know-how and braces-specific intel, plus amping the critical message that Mouthguards Matter.

**Core protection  
is key protection**

# CORE PROTECTION

*The game gets personal*

Shock Doctor is all about more to the core. We've developed a full line of no-brainer, high-grade cups and the supporters, briefs and shorts that complement them. You can concentrate on what matters because we've concentrated on what matters most when creating the best core protection on the market and in the game. We are going to make this personal.

TITAN FLEX CUP

### 203 | Alloy Flex Cup

The Titan Alloy Flex Cup is the breakthrough that nothing can break through. A multi-layer protection device designed to shield and transfer shock away from areas where protection is most crucial, this lightweight, bio-shape cup forms a steel shield that will fit comfortably to an athletic frame.

- Constructed of stainless steel alloy for unparalleled protection
- Bio-shape design for maximum comfort and range of motion
- Gel perimeter pad for maximum comfort

Sizes: M-XL MSRP: \$29.99 USD Package: Clamshell

STEEL-19

AIRCORE

### 207 | Hard Cup 208 | Soft Cup

Introducing the most advanced, lightweight cup ever. The AirCore hard and soft cups are combined of patented 3-layer fusion technology. The outer most layers consist of a compressed foam and fabric shell offering the highest level of comfort. The inner core is a composite co-polymer material for protection.

30% LIGHTER THAN TRADITIONAL MOLDED CUPS

#### Revolutionizing the hard cup

- Rigid co-polymer core
- Ideal for baseball, hockey and lacrosse

# PROTECTIVE APPAREL

*Be prepared to go*

Layer One is where we excel. Shock Doctor specializes in the first layer of personal defense. This is highly developed apparel that simultaneously protects, promotes performance and provides that immeasurable third dimension that chants in your head, "You can do this. You can do this. You, yes you, can do this!" (aka, confidence).

## AIRCORE

### 591 | Ultra ShockSkin™ Compression Hockey Short w/ AirCore Hard Cup

Ideal for elite hockey players seeking enhanced protection on the ice. Features ShockSkin™ foam padding on the hips integrated with stretch mesh fabric for lightweight protection. Ultra Jock Comfort Fit cup-lock pocket secures the cup pocket in a more natural position so the cup stays in place during play. AirCore hard cup offers impact protection and unrestricted mobility.

- ShockSkin™ flex hip impact protection
- 4-way airflow stretch mesh in key areas for maximum ventilation and range of motion
- AirCore hard cup is 30% lighter than traditional molded cups
- Ultra comfort fit micro knit premium waistband

**Sizes:** Men's XS-XXL; Boy's L  
**MSRP:** Men's \$79.99 USD; Boy's \$74.99 USD  
**Package:** Hanger with hang tag

BLACK/GREY-0107

fatigue & soreness**

# COMPRESSION / RECOVERY

*Perform Now. Prepare Now.*

**It's not done until you recover from it**

Compression is the science of biomechanics at work and in motion. We build supportive, blood flow-boosting and recovery-enhancing compression into a full array of performance products. Our SVR line transforms the science to an art form of Support Ventilation & Recovery (thus, "SVR").

## 927 | ELITE SVR Recovery Compression Socks

Put Swiss-made precision to work. Targeted Compression improves circulation and support during activity with a better recovery to follow. Couple that with a blend of specialty yarns adding odor control and comfort for Elite level results.

- Targeted Compression™ increases blood flow to feet and calves
- Millimeters of Mercury: 18-21 mmHg at ankle. 12.6-14.7 mmHg at top of sock
- More comfort and better fit with anatomical 3D knit design
- Specialty seaweed and zinc yarns for added comfort and odor control
- Traction designed footbed for grip
- Unique specialty yarn for added recovery, energy, comfort, sweat absorption, circulation and antimicrobial properties
- 46% Tactel/26% polyamide/19% Timbrelle/9% Lycra® (elastane)

Sizes: XS-XL MSRP: \$49.99 USD Package: Box

# PERFORMANCE SPORTS THERAPY

*When active recovery gets real active*

**This is no on-the-couch therapy**

PST is built for players who **must** play, ballers who **gotta** ball and doers who **shall** do. Whether you're recovering from injury, surgery or dealing with ongoing chronic challenges, we have a product that **supports your desire to go**. It's no coincidence that "Performance" is word one in PST. Performance Sports Therapy products are designed to help you perform **safer, smarter and better**. While our headline boasts, "no on-the-couch therapy," we all know that when your **body** is right, your **head** will follow.

*Progressive levels of therapeutic solutions:*

- 3+** PERFORMANCE LEVEL **ADVANCED HINGED-FLEX-STABILITY-SUPPORT**  
 Superior stability and support, targeted for major ligament sprains, muscle strains and unstable joints allowing for use as necessary for both prevention and recovery.
- 3** PERFORMANCE LEVEL **STABILITY-SUPPORT-COMPRESSION-ALIGNMENT-HEALING**  
 Medium stability and support for moderate to major ligament sprains, muscle strains and unstable joints allowing for use as necessary for recovery.
- 2** PERFORMANCE LEVEL **SUPPORT-COMPRESSION-ALIGNMENT-HEALING**  
 Moderate support for minor to moderate sprains, muscle strains and unstable joints allowing for use as necessary for recovery.
- 1** PERFORMANCE LEVEL **COMPRESSION-ALIGNMENT-HEALING**  
 Light support for minor pain, sprains and strains allowing for daily use or for an extended period of time.

# ELITE

is a big, bold and real statement. Elite engineered products are constructed with the **best possible materials** and designed to **support and protect** specific areas and issues.

## 2055 | BIO-LOGIX™ Ankle Brace

3+  
PERFORMANCE  
PREVENTIVE

Anatomically engineered low profile quick-wrap closure Flex-Link hinge design for maximum ankle support and ultimate Body-In-Motion performance.

- Ergonomic lateral and medial molded plastic internal support stays comfortably surround joint
- Molded TPU exoskeleton anatomically supports exterior for further enhanced lateral stability
- Articulating plastic internal stirrup wraps upward from under-foot supporting below the ankle
- Soft Flex-Link hinge integration provides a natural flexion/extension and fluid movement
- Integrated Figure-8 strap system and Heel-Lock strap for maximum ankle inversion and over-extension stability
- Contoured comfort memory foam aligns brace with ankle joint for precision fit
- Easy on/off rear opening with forefoot sleeve and quick-wrap closure (aka, easy)
- Anti-slip silicone sole creates stable in-shoe contact and enhanced performance

### 863 | Knee/Patella Support Strap

**ADJUSTABLE PATELLA SUPPORT STRAP**

Relief for patella alignment pain in a low profile design

- Adjustable internal tubular support helps relieve Patella alignment associated pain
- Low profile interlocking overlap strap Design offers wide range of fit
- Premium Z-Grip adjustable compression strap closures
- Lycra® binding for comfort and long lasting wear
- N-Tex neoprene with brushed lining

**Sizes:** S/M, L/XL **MSRP:** \$17.99 USD **Package:** Clamshell

**BLACK-01**

### 868 | Knee/Patella Support Strap w/ Dual Strap Compression

**TWO INTERNAL ADJUSTABLE BUTTRESSES**

Two adjustable internal buttresses provide multiple custom fit patella support configurations

- Anatomically contoured design
- Two adjustable internal buttresses allow for multiple patella support configurations
- Overlapping two-strap closure
- Lycra® binding for comfort and long lasting wear
- N-Tex airflow vented comfort-lined neoprene

**Sizes:** S/M, L/XL **MSRP:** \$24.99 USD **Package:** Clamshell

**BLACK-01**

### 867 | Knee Compression Wrap

**ADJUSTABLE 4-STRAP COMPRESSION**

Multi-strap closure system with adjustable compression

- Easy-to-wrap, premium Z-Grip adjustable strap closure
- Independent four-strap system provides optimal compression preferences
- Dual center strap design offers ultimate wrap fit and comfort-flex opening at back of knee
- Lycra® binding for comfort and long lasting wear
- N-Tex airflow vented terry-lined neoprene

**Sizes:** ONE SIZE **MSRP:** \$24.99 USD **Package:** Clamshell

**BLACK-01**

### COMPRESSION KNIT 2065 | Knee Sleeve w/ Gel Support

**INTERNAL GEL SUPPORT**

Ideal for athletes seeking breathable compression that contours to the body and is soft to the touch.

- Contoured compression fit around knee joint
- Knit design provides comfortable fit without bunching during flex
- Elastic knit forms to shape of knee and leg
- Full patella gel inlay provides additional targeted compression and support

**Sizes:** XS-XL **MSRP:** \$29.99 USD **Package:** Box

**BLACK/GREY-0107**

### 865 | Knee Compression Sleeve w/ Open Patella Stabilizer

COMFORT FLEX MESH WINDOW

1 PERFORMANCE LEVEL

### 864 | Knee Compression Sleeve w/ Closed Patella Coverage

Compression sleeve with open or closed patella in a comfort flex design

- Anatomical precurved compression fit sleeve design
- Breathable mesh window
- Convenient finger tabs offer easy grip pull when fitting
- No-slip silicone gripper pattern lining
- Lycra® binding for comfort and long lasting wear
- N-Tex vented neoprene

Sizes: S-XXL MSRP: \$19.99 USD Package: Clamshell

# ICE RECOVERY COMPRESSION

Chill out and heal up

Mother Nature and history have inspired ICE Recovery Compression...and it is good. Shock Doctor has taken the ice age-old **proven remedy of icing** and the muscle-soothing advantage of **heat** to a new technically advanced place. Dual therapy ICE Recovery Compression envelops injuries, pains, strains and sprains in relief-giving cold or heat therapy with the added element of **gentle compression**.

**Kevin Love**  
2016 NBA Champion

# STEP UP YOUR GAME

Demand performance from the ground up

Our line of **sport-specific** insoles is just one more example of Shock Doctor's relentless dedication to every aspect of athletic performance. From inside your mouth to inside your shoe or skate, we're there. Select the insole that fits your game and your style. It starts with superior **shock absorption** and continues with technologies that help support movement and hold off fatigue. The only thing they'll see is the result.

## 1009 | Active Ultra Insole

The Shock Doctor Active Ultra Insole adapts to fit any foot shape and is designed for athletes who demand higher impact performance and full-foot alignment through their entire stride.

- Adaptive arch technology adapts to any foot shape
- Biomechanical contoured design comfortably cradles your foot
- AIR/FX™ top cover controls odor
- Full-foot high rebound foam provides 20% greater rebound than regular foam
- Lightweight support cap resists lateral torque, and creates better balance on uneven surfaces
- Forefoot and heel ShockDome™ and mid-foot shockpad absorbs the jarring shocks and can help relieve plantar fasciitis
- Full-foot control bar full-foot motion control aligns forefoot and heel through entire stride

Sizes: Men's 5-14 Women's 6-15 MSRP: \$39.99 USD Package: Box

## 1004 | Court Insole

Ideal for court sport athletes such as basketball, volleyball and tennis players.

- Adaptive arch technology adapts to any foot shape for perfect fit
- Biomechanical contoured design comfortably cradles your foot
- AIR/FX™ top cover controls odor
- Full-foot shock absorbing foam provides cushion and comfort on hard surfaces
- Lightweight support cap disperses hard surface impacts
- Heel ShockDome™ absorbs jarring shocks
- Mid-foot ShockDome™ relaxes foot and can help relieve plantar fasciitis

Sizes: Men's 4-13 Women's 5-14 MSRP: \$19.99 USD Package: Box

## 1003 | Skate Insole

The Skate Insole is designed to improve fit, alignment and power of hockey and inline skates so the athlete can skate harder, make confident, powerful strides with less fatigue and never lose an edge.

- Adaptive arch technology adapts to any foot shape for perfect fit
- Biomechanical contoured design comfortably cradles your foot
- AIR/FX™ top cover controls odor
- Full-foot shock absorbing foam provides cushion and comfort
- Lightweight support cap increases balanced power
- Mid-foot ShockDome™ relaxes foot and can help relieve plantar fasciitis

Sizes: Men's 4-13 Women's 5-14 MSRP: \$19.99 USD Package: Box

## 1005 | Cleat Insole

Designed for football, baseball, softball and lacrosse players.

- Adaptive arch technology adapts to any foot shape for perfect fit
- Biomechanical contoured design comfortably cradles your foot
- AIR/FX™ top cover controls odor
- Full-foot shock absorbing foam provides cushion and comfort
- Lightweight support cap disperses cleat impact pressure
- Heel ShockDome™ absorbs jarring shocks
- Mid-Foot ShockDome™ relaxes foot and can help relieve plantar fasciitis

Sizes: Men's 5-14 Women's 6-15 MSRP: \$19.99 USD Package: Box

## 1015 | Low Profile Cleat Insole

Ideal for football, soccer, and lacrosse players who prefer tight fitting cleats.

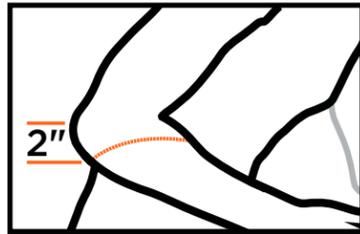

- Adaptive arch technology adapts to any foot shape for perfect fit
- Biomechanical contoured design comfortably cradles your foot
- AIR/FX™ top cover controls odor
- Full-foot shock absorbing foam provides cushion and comfort
- Lightweight support cap disperses cleat impact pressure
- Heel ShockDome™ absorbs jarring shocks
- Mid-foot ShockDome™ relaxes foot and can help relieve plantar fasciitis

Sizes: Men's 5-14 Women's 6-15 MSRP: \$19.99 USD Package: Box

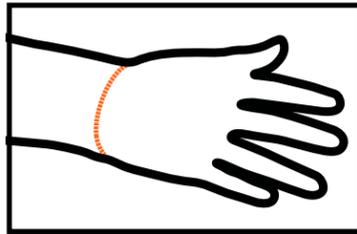

# HOW TO MEASURE

## FOREARM / ELBOW

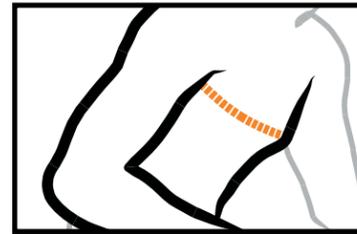

Measure arm circumference 2"/5 cm from elbow tip

## WRIST

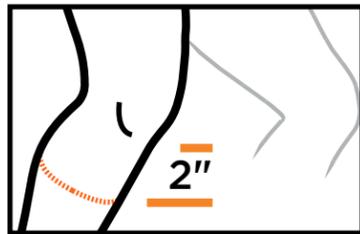

Measure wrist circumference directly over wrist bone

## CHEST

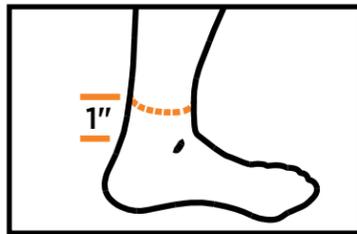

Measure chest circumference just below armpit & across center of pectoral muscle

## KNEE

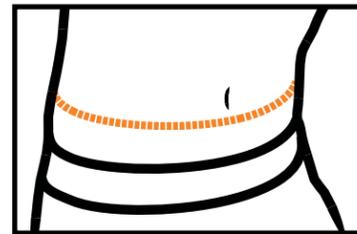

Measure knee circumference 2"/5 cm below center of knee cap (patella)

## ANKLE

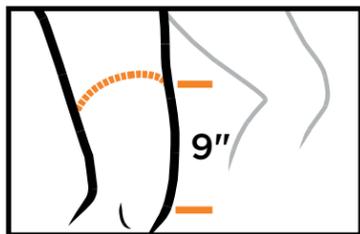

Measure ankle circumference 1"/2.5 cm above center of ankle bone tip

## WAIST

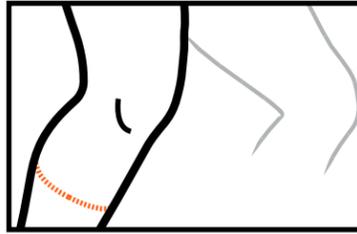

Measure waist circumference 2" below belly button

## THIGH

Measure thigh circumference 9"/23 cm above center of knee cap (patella)

## CALF

Measure circumference at the fullest part of calf
