The innovation of our improved Triumph XP will provide ultimate safety for your head. Keeping in line with our dedication to providing a helmet with the perfect fit, vision and style, we overhauled our interior lining and replaced it with a brand-new safety comfort fit system. It fits so well you may never want to take it off.

COMFORT:

- New safety comfort liner replaces all interior memory foam, providing your head with pillow-soft comfort while protecting from dangerous contact
- Custom 360 dial fit utilizes an infinitely adjustable interior fit ring that creates a perfect fitting helmet for any size or shape head
- Three shell sizes allow you to choose a helmet that fits your proportions

VISION:

- Aggressive facemask configurations deliver the best sight lines of any helmet on the market
- Shell, visor, jaw, and facemask design are integrated to create the maximum field of vision

STYLING:

- Fast, sleek design is a combination of tradition and innovation
- Jetstream cooling system offers 21 aerodynamic vents while leaving space for multiple decaling options
- Customize with 15 different color options for the shell, visor, and jaw components

ST2
