MOUTHGUARDS

BASKETBALL PROS KNOW MOUTHGUARDS

Professional athletes look to professional solutions for performance and protection. That's why the use of mouthguards in pro basketball continues to grow. Mouthguards are becoming standard equipment for more and more savvy players. The evidence is strong for protection against facial and oral injuries. Media sources like The New York Times, The Wall Street Journal, online sports and broadcast outlets echo the increasing need and use of mouthguards at every level.

Kevin Love[s] his Shock Doctor mouthguard

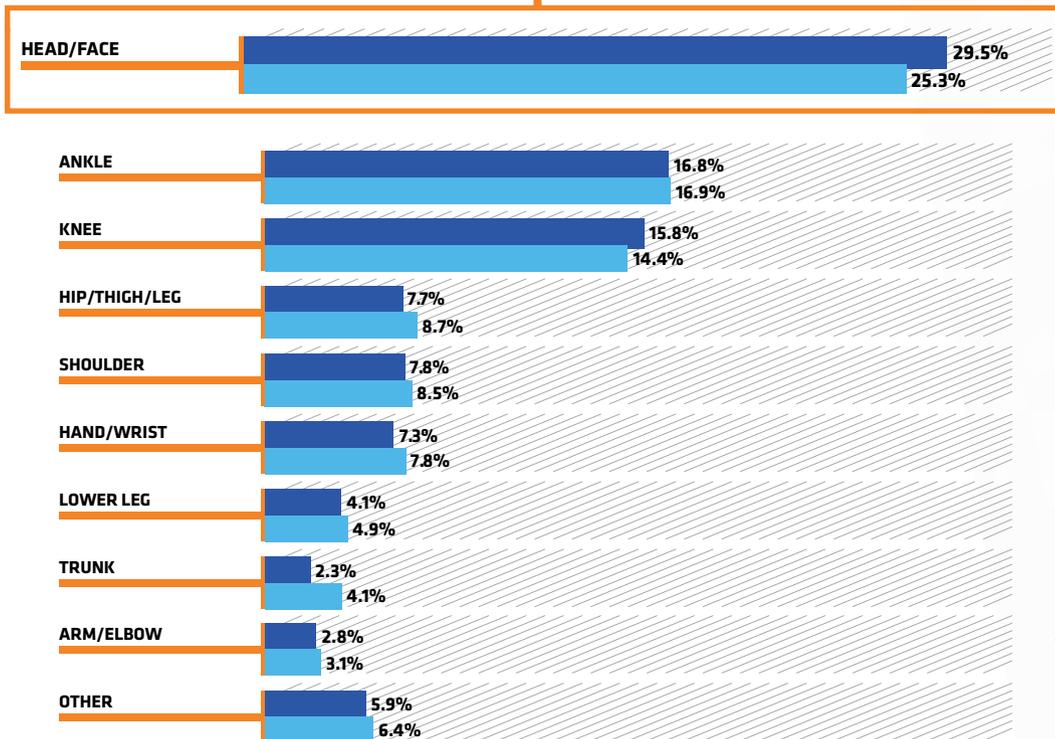

Shock Doctor is working diligently with K. Love, other pro athletes, athletic associations, medical experts and all concerned parties to bring mandated basketball mouthguard use to the youth and high school levels. We are the global leader in mouthguard technology. We understand the value and solution this technology offers. We speak from a place of authority when we say, "Mouthguards Make Sense."

#1 IN YOUR MOUTH & ON THE PLANET

Others may see mouthguards as a simple hunk of plastic between the choppers—not Shock Doctor. We’ve been looking at, laboring over and meticulously analyzing the technology of mouthguards since 1992 and it shows. The interrelation with performance, the prevention of oral lacerations and tooth injury drive our thinking and doing. You cannot put a more highly researched and developed hunk of refined material in your head than a Shock Doctor mouthguard.

EACH OF OUR MOUTHGUARDS SHARES THE SHOCK DOCTOR PHILOSOPHY OF EXCEEDING EXPECTATIONS, INCLUDING ESSENTIAL COMFORT, MULTI-LAYER CONSTRUCTION, PROTECTION AND GAME-PROVEN PERFORMANCE.

GEL-FIT™ LINER

tight & comfortable fit

MULTI-FUNCTIONAL MIDLAYER

adds structural stability

SHOCK FRAME™/EXOSKELETON

protects teeth from direct impact

TRI-BITE

stabilizes the upper and lower jaw

INTEGRATED BREATHING CHANNELS

MULTI LAYER TECHNOLOGY

more layers, more protection and better fit

NANO INNER WALL

a flexible inner wall that helps to enhance fit while minimizing interference against tongue for improved breathing and speaking

SHOCK TRANSFER CORE™

lightweight shock absorbing core directs impacts away from initial point of contact

MORA PERFORMANCE ENHANCEMENT

when fitted and worn correctly, positions the lower jaw down and forward, creating a separation of the Condyle joint, which may increase strength and athletic performance

QUICK-RELEASE TETHER

allows for strapped or strapless use

EXCLUSIVE FLAVOR FUSION

COMPRESSING THE FACTS

CORE PROTECTION

COMPRESSION TECHNOLOGY IN OUR CUP SHORTS ADDS ANOTHER ELEMENT OF MUSCLE-ENHANCING PERFORMANCE TO YOUR GAME. THE FACTS ARE COMPRESSION INCREASES BLOOD FLOW AND INCREASED BLOOD FLOW IS A VERY GOOD AND ATHLETIC THING.

Ultra Cup Retention System

An advanced system consisting of a close fitting ergonomic pocket and flexible four-way stretch Y internal strap attachment that secures the lower two-thirds of the bio-shaped cup pocket in a more natural position, allowing the short to move independently from the cup for superior comfort

Shorts are constructed of four-way stretch fabric that wicks moisture, plus chafe-free flatlock seams, a premium micro-knit waistband and vented mesh cup pocket.

RETAINING THE CUP

CORE PROTECTION

A GREAT CUP IS WORTHLESS IF THE CUP HOLDER IS NOT PRECISION-MADE FOR PLACEMENT AND COMFORT. IF YOU'RE CONSTANTLY REMINDED THAT YOU'RE WEARING A CUP, IT'S NOT HELPFUL FOR FOCUS. AND IF YOU ZIG AND YOUR CUP ZAGS, IT WILL NOT BE HELPFUL AT ALL.

Ultra Pro takes design to an elite level via state of the science technologies

Our Ultra Pro supporter and brief line is constructed of four-way stretch fabric that zigs when you zig, a premium micro-knit waistband and an easy in and out cup pocket.

IT'S NOT DONE UNTIL YOU RECOVER FROM IT

At Shock Doctor, we can't be all about protection and performance without being adamant about recovery. The element of recovery is the essential third side of the athletic pyramid. Without proper and thorough recovery, today's athletes who routinely push it over the edge, will simply wreck themselves.

Reduce muscle fatigue & soreness
