NEW LOOK, SAME PRINCIPLES

For thirty years, CHAMPRO has provided America's teams, leagues and players with the absolute best values in performance athletic equipment and uniforms. Athletes and sports organizations have discovered that they can use performance equipment and wear top quality uniforms while not paying a premium for an advertised logo. CHAMPRO's expanded line now offers a full range of team sports equipment and apparel for the most demanding athletes at all performance levels.

CHAMPRO continues to provide the best values in premium quality athletic equipment and apparel by adhering to five basic principles:

- 1 CHAMPRO equipment and apparel are manufactured in the best and most experienced factories in the world.
- 2 CHAMPRO maintains product specifications and performance standards that equal or surpass heavily advertised brands.
- 3 CHAMPRO doesn't pay professional athletes or teams to use or endorse our equipment. Teams and athletes choose CHAMPRO because it performs better.
- 4 CHAMPRO stands behind our product. We believe Champro equipment and apparel will exceed the expectations of even the best athletes.
- 5 CHAMPRO Sports offers the best customer service in the industry.

Our suburban Chicago headquarters & warehouse and our Los Angeles area distribution center have enabled us to further increase our inventory levels and improve efficiency. We are committed to same day shipment of your orders. Dealers can now receive even faster service by placing orders, checking stock, and reviewing account information on our newly enhanced website, www.champrosports.com. As always, we hope you will let us know if there is anything we can do to improve our product line or service.

Sincerely,

Wilson F. Hunt, Jr.
President

WE'RE COMMITTED TO MORE THAN JUST SPORTS

For over 5 years, CHAMPRO Sports has worked with the Eden Reforestation Project to plant trees in Ethiopia. We plant a tree for every order you place. Last year alone, that meant over 421,000 trees were planted. Together, lets be committed to more than just sports.

EDEN REFORESTATION PROJECTS

STANDS FOR

PRO QUALITY PRODUCTS

CHAMPRO's high-value products give teams the edge they need to perform like pros!

THE BEST CUSTOMER SERVICE

Our team is ready to help! Call, email, or chat with us between 7am and 7pm every weekday.

ONE STOP SHOP

We have the most comprehensive assortment of team products in the industry. We've got you covered!

YOUR INVENTORY

We are YOUR warehouse. You have over \$30 million in inventory at your fingertips!

WE SHIP FAST

Most orders placed by 4pm CST ship the same day!*

*Same day shipments depend on inventory availability, good credit standing & shipment processing capacity.

OUR TECH EQUALS YOUR **ADVANTAGE**

FOUR-WAY STRETCH

Four-way stretch fabrics are built to conform to a player's movements without inhibiting mobility.

DRI-GEAR

Fabrics equipped with DRI-GEAR allow moisture to escape, keeping you cool and dry.

BIOFRESH

Biofresh enhances products by giving them a shield against odor and bacteria.

TRI-FLEX PADS

Tri-flex pads provide protection while conforming to the player's body.

AIR-TECH SYSTEM

The Air-Tech System is made up of strategically placed vents that direct air away from a player's body.

INTEGRATED

Football apparel equipped with Integrated pads offer superior protection in an all-in-one package. All integrated pad apparel is also machine washable.

GEM GLOSS FINISH

Products with gem gloss finish will have a high shine and a gem-like appearance.

RUBBERIZED MATTE FINISH

Our rubberized matte finish out-performs the industry standard. The finish is smooth with a velvet-like texture.

PLAY LONGER

WITH MBT BASEBALLS

MBT baseballs perform better and last longer!

Moisture Barrier Technology, or MBT, increases the useful life of a baseball by protecting it from the harmful effects of moisture. MBT is a thin, flexible, polyurethane liner that is applied to the ball just below the cover to prevent moisture from penetrating the yarn winding. CHAMPRO Sports MBT baseballs perform better and last longer!

CONCEPT 3000 DISLODGING SAFETY BASE ◀

DESIGNED TO REDUCE THE POTENTIAL FOR INJURIES SUSTAINED THROUGH SLIDING.

- ▶ Heavy-duty all rubber construction
- ▶ Bases insert into standard anchor system (no special installation required)
- ▶ Includes steel anchor system and rubber base plugs

Little League[®]
APPROVED

On impact, the top pad dislodges from the bottom plate. The pad of the base is engineered to maintain vertical rigidity, to support a player standing on the base, while maximizing horizontal flexibility so that the pad will flex on impact.

The plate of the base is designed to be streamlined and low to the ground to allow the player to smoothly slide over the plate after the pad dislodges.

To reset the pad after it has dislodged from the plate, the posts on the pad may simply be aligned with the holes in the plate and inserted. The pad can be reset on the plate in seconds.

Little League[®]

Dislodging Base System

- ▶ The B072 plate is the official 15" x 15" size to meet Little League[®] requirements. It provides a base for the umpire to use as a basis for making calls as the play progresses.

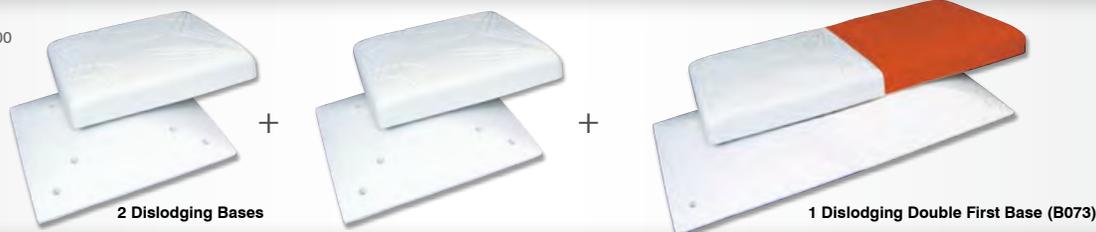

B072 - Set of 3 Bases - 15" x 15" x 3" - \$440.00

Dislodging Base System

- ▶ This dislodging double first base is official 15" x 30" size. The entire pad dislodges and is not obstructed like other systems by a fixed first base positioned next to a dislodging base. A low-profile plate remains underneath so that play may continue.

B073 - 15" x 30" x 3" - \$248.00

SOFTBALL CODES

CHAMPRO Softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament, "G" for game, or "R" for recreation

- ▲ T (Tournament) - Leather cover & polyurethane core, high performance
- ▲ G (Game) - Durahide cover & polyurethane core, all levels of play
- ▲ R (Recreation) - Durahide cover & cork and rubber core, not recommended for heavy hitting

The second and third letters are either "FP" to indicate fast pitch or "SP" to indicate slow pitch

- ▲ FP (Fast Pitch) - Raised Seams
- ▲ SP (Slow Pitch) - Flat Seams
- ▲ The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball (USSSA Specifications prohibit marking the COR and compression specifications on the ball)

How to Measure:

Bust/Chest:

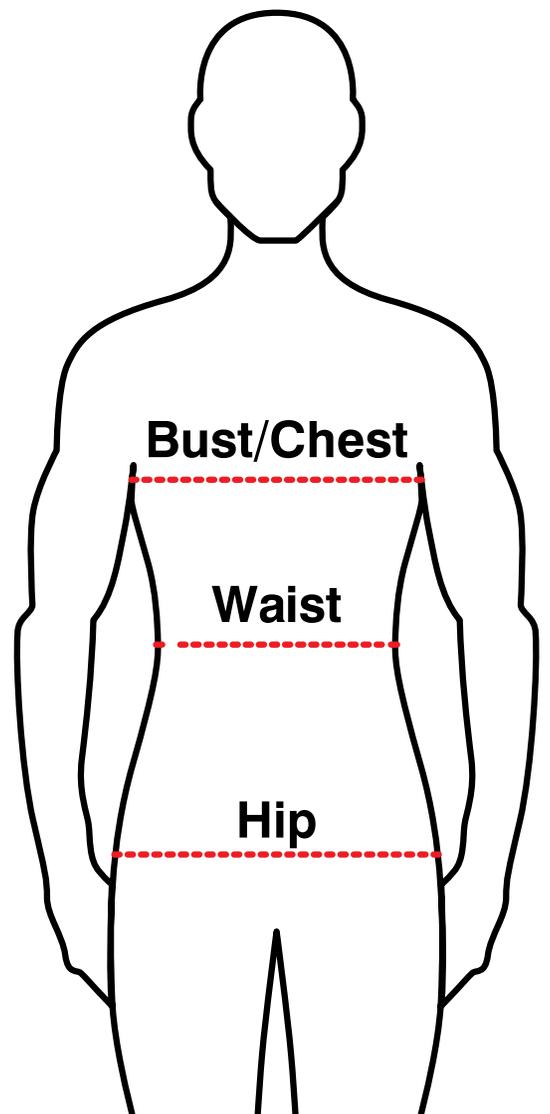

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

Waist:

Measure around the body (not on top of clothing) at the natural waist level.

Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.

NOTE

The measurements listed in the above charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

1 Choose a pattern

Patterns are shown at the bottom of each JUICE Infused Gear page. Some patterns may also have a stock style that can be used to fit teams. For patterns with no stock equivalent, please refer to the size charts at the back of the catalog or ask your local dealer if a size kit is available.

2 Choose a design

Designs are shown throughout the catalog and have specific names and codes. Choose your design and pick your colors. If you have a design in mind that you don't see, ask about our fully custom program.

3 Choose your decoration

You can add as much decoration as you want! Customer supplied logos, team names and numbers are included. Player names are available for a small upcharge per piece. For a full list of decoration offered, go to page 187. We can also convert your artwork to be used on your jersey for an additional charge. For custom artwork terms, go to page 188.

4 Fill out your roster

List all sizes, quantities, numbers and player names (if applicable).

5 Review your order for accuracy

Once you have double checked your order, submit all necessary information to decoration@champrosports.com.

6 Approve your proof & roster

After we receive your order, we will send you a proof to approve. Before the order can be processed and lead time starts, we must receive written approval of both your proof and roster. Lead time will be confirmed at the date of approval and will begin the next business day.

7 Relax! Your order will arrive in the specified lead time

Color Disclaimer:

Scientifically it is not possible to achieve a perfect color match from one JUICE garment to another, or from JUICE garments to CHAMPRO stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone Color call outs will automatically be converted to CMYK. If your job is color sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless a sample is ordered, CHAMPRO is not responsible for unsatisfactory color results.

Color Matching:

We cannot color match gradients. We print digitally in CMYK and use PMS colors as a guide; therefore the colors are not exact. If you have a color sensitive project, we highly recommend that you order a sample. In the event that you do not, we will match as close as possible to the PMS colors provided, but are not responsible for the colors not printed to your liking.

Care instructions:

- Do not dry clean; Do not wash in hot water; Do not use chlorine bleach; Do not wash whites and colors together; Do not dry on HIGH heat
- CHAMPRO Sports is not responsible to damage to apparel as a result of improper care
- Excessive heat may cause fabric shrinkage and color change – do not put JUICE garments through a screen print dryer
