IN THE ROUGH

THE NEW NOKONA FASTPITCH GEM LINE

Spangle®

Representing Made in America, and every girl's dream to ascend to the top of the game of Women's Fastpitch, Nokona is proud to introduce the premier glove series in the Diamond Gem Collection -

The Spangle®

The Spangle® incorporates the best attributes from Nokona's Bloodline® series; full grain, vacuum formed leather, breathable finger-stalls and radial piping. The series embodies comfort and performance while maintaining the body and shape desired by our Diamonds in the Rough.

Regal, elegant and ready to represent America at home and around the world.

Trillion[®]

The diamond trillion shape is a brilliant cut that catches the light well and gives it sparkle and fire. Nokona has developed the Trillion[®] Series for Women's Fastpitch to deliver sparkle and fire to the player's performance on the field. Combining lightweight kangaroo and steerhide, the Trillion is amazingly light and malleable while delivering strength, shape and durability.

2008 Big XII Player of the Year

Marquise®

The Marquise® Series in the Diamond Gem Line has been designed for softness. This is a very soft game ready series. Our glove features a beautiful Top Grain Cowhide with soft temper. The tanning process leaves the leather naked (natural-tan color) making it more breathable and comfortable in hot and cold weather. The palm of the glove is a crème color, top grain cowhide with medium to soft temper. This leather is characterized by a slightly "waxy" surface and slightly firmer temper, with a smooth tight grain. You will fall in love with the feel of this glove as soon as you put your hand in it!
